La Femme Libre:

The Woman of Ideas in French Art, 1830-1848 Janis Bergman-Carton, 1995-01-01 Women in 19th century French art were represented as victims of a harsh urban working class life This book offers the argument that this representation obscured the model woman of ideas a prominent figure in the narratives of French national and sexual politics , French Feminism in the 19th Century Claire Goldberg Moses, 1984-01-01 Histories of France have erased the feminist presence from nineteenth century political life and the feminist impact from the changes that affected the lives of the French Now French Feminism in the Nineteenth Century completes the history books by restoring this missing and vital chapter of French history The book recounts the turbulent story of nineteenth century French feminism placing it in the context of the general political events that influenced its development It also examines feminist thought and activities using the very words of the women themselves in books newspapers pamphlets memoirs diaries speeches and letters Featured is a wealth of previously unpublished personal letters written by Saint Simonian women These engrossing documents reveal the nuances of changing consciousness and show how it led to an autonomous women s movement Also explored are the relationships between feminist ideology and women s actual status legal social and economic during the century Both bourgeois and working class women are surveyed Beginning with a general survey of feminism in France the book provides historical context and clarifies the later vicissitudes of the condition feminine **Le Nouveau Testament ... Revu sur le texte grec par David Martin** , 1861 **Women Genre and Circumstance** Diana Holmes, 2017-12-02 Women Genre and Circumstance brings together a series of challenging essays which explore the complex intersections of feminism narrative and genre Drawing on a wide range of 19th and 20th century texts novels short stories and films they interrogate the relationship between womens situation and writing practice and representations of history memory love old age they pursue questions of narrative form and its meanings particularly the distinctive features of the short story The politics of feminist criticism and careful attention to the operations of narrative combine in a sustained exploration of the aesthetics and ethics of fictional practices and their role in the negotiation of gender and circumstance The essays were written as tributes to the leading feminist scholar Elizabeth Fallaize The contributors are Margaret Atack Colin Davis Suzanne Dow Alison Finch Diana Holmes Diana Knight Michele Le Doeuff Toril Moi Gill Rye Judith Still and Ursula Tidd Le Nouveau Testament ... Revu sur les originaux [sic] , 1864 **Unruly Women of Paris** Gay L. Gullickson, 2018-09-05 In this vividly written and amply illustrated book Gay L. Gullickson analyzes the representations of women who were part of the insurrection known as the Paris Commune The uprising and its bloody suppression by the French army is still one of the most hotly debated episodes in modern history Especially controversial was the role played by women whose prominent place among the Communards shocked many commentators and spawned the legend of the p troleuses women who were accused of burning the city during the battle that ended the Commune In the midst of the turmoil that shook Paris the media distinguished women for their cruelty and rage

The Paris Journal for example raved Madness seems to possess them one sees them their hair down like furies throwing boiling oil furniture paving stones on the soldiers Gullickson explores the significance of the images created by journalists memoirists and political commentators and elaborated by latter day historians and political thinkers The p troleuse is the most notorious figure to emerge from the Commune but the literature depicts the Communardes in other guises too the innocent victim the scandalous orator the Amazon warrior and the ministering angel among others Gullickson argues that these caricatures played an important role in conveying and evoking moral condemnation of the Commune More important they reveal the gender conceptualizations that structured limited and assigned meaning to women as political actors for the balance of the nineteenth and well into the twentieth century *Encyclopedia of French Film Directors* Philippe

History Joan Wallach Scott,2018-01-23 This landmark work from a renowned feminist historian is a foundational demonstration of the uses of gender as a conceptual tool for cultural and historical analysis Joan Wallach Scott offers a trenchant critique of the compartmentalization of women s history arguing that political and social categories are always fundamentally shaped by gender and that questions of gender are essential to considerations of difference in history Exploring topics ranging from language and class to the politics of work and family *Gender and the Politics of History* is a vital contribution to feminist history and historical methodology that also speaks more broadly to the ongoing redefinition of gender in our political and cultural vocabularies This anniversary edition of a classic text in feminist theory and history shows the evergreen relevance of Scott s work to the humanities and social sciences In a new preface Scott reflects on the book s legacy and implications for contemporary politics as well as what she has reconsidered as a result of her engagement with psychoanalytic theory The book also includes a previously unpublished essay *The Conundrum of Equality* which takes up the question of affirmative action **Debating the Woman Question in the French Third Republic, 1870-1920** Karen

Ostervald ,1866 *La Sainte Bible, Ou L'Ancien Et Le Nouveau Testament* ,1858 **Autobiography, historiography, rhetoric** ,2023-10-16 *Sewing, Fighting and Writing* Maria Tamboukou,2015-11-09 Paris along with New York was one of the main centres of the fashion industry in the nineteenth and twentieth centuries But although New York based garment workers were mobilized early in the twentieth century Paris was the stage of vibrant revolutions and uprisings throughout the nineteenth century As a consequence French women workers were radicalized much earlier creating a unique and unprecedented moment in both labour and feminist history Seamstresses were central figures in the socio political and cultural events of nineteenth and early twentieth century France but their stories and political writings have remained marginalized and obscured Drawing on a wide range of published and unpublished documents from the industrial revolution *Sewing Fighting and Writing* is a Foucauldian genealogy of the Parisian seamstress Looking at the assemblage of radical practices in work politics and culture it explores the constitution of the self of the seamstress in the era of early industrialization and revolutionary events and considers her contribution to the socio political and cultural formations in modernity *Autour de l'extrême littéraire* Alastair Hemmens,Russell Williams,2012-12-18 The extreme is an essential aspect of contemporary experience Thrill seekers spend the weekend in the search of the adrenaline rush of extreme sports In the political arena the world has begun to rediscover the split between the extreme left and the extreme right Through 24 hour rolling news images of violence torture and war are televised unremittingly into the living room while the Internet places hardcore pornography snuff film and cannibalism within easy reach of anyone with a personal computer or a smartphone The extreme has even become a quality companies seek to associate with the most banal of commodities such as ice cream and hair gel These different manifestations of extremity suggest a contradictory even paradoxical relationship with

the extreme The contributors to this book explore how writing in French from the Middle Ages to the present day has interrogated extremity Taken together these essays demonstrate that the quality of the extreme can be applied to a great number of texts for different reasons and from myriad perspectives Moreover the extreme is revealed as a quality both distinct from and in tension with the crossing of boundaries associated with transgression It is a movement towards and away from a centre of radiation that escapes cultural norms without necessarily reinforcing them This sensation of rushing and wandering outside the boundaries of what is considered safe and normal provides the extreme with its adrenaline charged response of excitement or horror The analyses contained in this volume consider a number of manifestations of the extr me litt raire The ambiguities of gender in medieval romance are explored in the context of the Arthurian court The 19th century is examined through the prose poems of Baudelaire and the litt rature sauvage of the Zutistes The difficulties of writing the trauma of war and genocide in the 20th century are discussed through the work of Jorge Sempr n and Agota Kristof The contemporary extreme in French literature is examined in the autofiction of Christine Angot the work of Annie Ernaux and Catherine Millet the controversial novels of Michel Houellebecq and the worldwide influence of the Marquis de Sade on writing today Whilst the extr me litt raire may have a wide variety of expressions in French literature it is always outside beyond and far from the centre of our everyday experience It shocks us excites us and horrifies us often all at once This book seeks to provide an insight into how and why the extreme has fascinated and continues to fascinate the French literary imagination

Marianne Meets the Mormons Heather Belnap, Corry Cropper, Daryl Lee, 2022-10-25 In the nineteenth century a fascination with the Church of Jesus Christ of Latter day Saints made Mormons and Mormonism a common trope in French journalism art literature politics and popular culture Heather Belnap Corry Cropper and Daryl Lee bring to light French representations of Mormonism from the 1830s to 1914 arguing that these portrayals often critiqued and parodied French society Mormonism became a pretext for reconsidering issues such as gender colonialism the family and church state relations while providing artists and authors with a means for working through the possibilities of their own evolving national identity Surprising and innovative Marianne Meets the Mormons looks at how nineteenth century French observers engaged with the idea of Mormonism in order to reframe their own cultural preoccupations

French Prose in 2000 , 2021-10-18 French Prose in 2000 stems in some important measure from work presented in September 1998 at the International Colloquium on French and Francophone Literature in the 1990 s held at Dalhousie University A good number of papers given at that time and since revisited in the light of exchanges join here certain others specifically written for the purposes of this book Together they constitute a wide ranging and modally varied interrogation of the current state of French and francophone prose writing its multifaceted manners its richly divergent fascinations its many theoretical or philosophical groundings The book thus ceaselessly moves its attention from fictional biography to the roman noir from the writing of Glissant and Chamoiseau to that of the tonnants voyageurs from the powerful discourse of women such as Chawaf or Cond

Ernaux or Germain Sallenave or Kristeva to that of writers as diverse in their modes as Le Clézio and Quignard Duras and Renaud Camus All chapters focus however in near exclusive measure on the prose production of the last ten or twelve years
