R. Davis,2007 Just as Detroit symbolizes the U S automobile industry during World War II it also came to stand for all American industry s conversion from civilian goods to war material The label Arsenal of Democracy was coined by Pres Franklin D Roosevelt in a fireside chat radio broadcast on December 29 1940 nearly a year before the United States formally entered the war Here is the pictorial story of one Detroiters unique leadership in the miraculous speed Detroit s mass production capacity was shifted to output of tanks trucks guns and airplanes to support America s victory and of the struggles of civilians on the home front **War Happens In Your Heart** Frances Anne Turney,2007-03-28 A historical fiction novel for young readers likened to Number The Stars and acclaimed by national and international reviewers for strong poignant characterization and plot War Happens In Your Heart is the story of the tumultuous community changing friendship of a mid western girl and a German Jewish Kindertransport survivor during the final six months of WWII Seasons They Change Jeanette Leech,2010 Exploring the careers of the original wave of artists and their contemporary equivalents Leech tells the story of acid and psychedelic folk recording artists from the 1960s to the present day A Game with the Mind John A. Fosse,2022-08-01 A Game with the Mind to See What You Can Find reveals what is truly in the mind and heart of the reader Through the exercises and examples carefully sequenced for progressive learning one will experience both the why and how of the personal poetic experience The instructive flow of A Game with the Mind leads the reader through the process of learning about one s innermost self One will find the advantage of dealing with one s own adversities emotions or even successes in a way that will lead to solutions understandings and even revelations about oneself The greatest difficulty about understanding the value of poetry lies in its most valued use It is not to beautify speech as much as it is to learn of one s innermost thoughts pertaining to any situation that is emotionally spiritually or physically felt The beauty of poetry comes through the illuminating voice of the inner self This book leads one to this objective The how of poetry seems to be the most elusive for the beginner How or where does one begin and how does one continue This book teaches a simple methodology

for the beginner It points the way to extract feelings from your mind and heart that you are unaware of It creates an aha for the soul in seeing solutions to problems or finding peace through new understanding In essence this book is either a self help book or an English teacher s textbook for poetry The book progressively works through assignments from the simple basic poetry on toward most styles of poetry of the last two to three hundred years It shows how these can be used today to express our varied feelings and emotions
