*Police Misconduct Complaint Investigations Manual* Barbara Attard, Kathryn Olson, 2020-07-15. The *Police Misconduct Complaint Investigations Manual* provides a timely and unique step by step approach to conducting or reviewing police misconduct investigations whether a complaint involves a lower level allegation of discourtesy or more serious concerns such as excessive force or criminal behavior. Utilizing real life examples and updated case law to illustrate points, it provides best practices for investigating police action resulting in misconduct complaints. The Manual's comprehensive approach includes detailed procedures and policy considerations from intake through case closure and discusses data tracking, reporting on trends, selecting and training investigative staff, civilian oversight and a host of special issues that can arise with police misconduct complaints. The Manual is suitable for both sworn personnel and civilians handling or reviewing investigations and whether working internally for a police department or externally in oversight or another capacity. The guidance provides detailed examples of witness interview questions and types of evidence to collect with discussion on making difficult credibility determinations and approaches to analyzing the information gathered to arrive at a recommended finding. Review questions are found at the end of most chapters for use in academic or investigative training environments. Police officers engaged in the often complex and challenging work of public safety deserve and expect objective, thorough and timely handling of complaints. Complainants and other stakeholders seek accountability and transparency when an officer behaves in a way that raises questions about their professionalism. The *Complaint Investigations Manual* provides instruction on handling misconduct complaints in a manner that will ensure the goals of law enforcement and stakeholders are met. The authors intentionally use a broad approach to make the Manual relevant and easy

to use by law enforcement personnel civilians in oversight or other capacities who work on police misconduct matters and the criminal justice academic community It is a critical primer for internal affairs investigators police managers law enforcement leaders auditing professionals civilian oversight practitioners government representatives community advocates criminal and social justice students and all others in pursuit of fair thorough and timely investigations of police misconduct complaints      **Racial and Ethnic Tensions in American Communities: The Los Angeles report** ,1993      **Serve and Protect** Tobias Winright,2020-11-13 This collection of essays on policing and the use of force while written over the course of the last twenty five years remains relevant and timely Although issues in policing and questions about excessive force and brutality have been addressed by criminologists sociologists philosophers and criminal justice ethicists only a handful of theological ethicists treat this pressing matter While the Christian moral tradition has a voluminous record of theological attention to violence and nonviolence war and peace there is a dearth of references to policing And most considerations of criminal justice issues by Christians and their churches concentrate on prison reform or abolition and the death penalty but not policing These essays authored by a theological ethicist possessing professional experience in law enforcement seek to fill this curious gap They offer a framework for moral reasoning concerning the justification for police use of force and the just application of such force and they propose just policing as a model that is consonant with promoting a just peace in communities and society In addition they explore the implications of such an approach for wider international questions about just war terrorism the responsibility to protect and post war justice      *The Utilization of Helicopters for Police Air Mobility* National Institute of Law Enforcement and Criminal Justice. Center for Criminal Justice Operations and Management,1971      **Stress Inside Police Departments** Jon Shane,2019-12-06 This book offers researchers police practitioners and policymakers a platform for organizational reform and an understanding of how the police organization creates stress which contributes to reduced officer performance This book based on an in depth study exploring the relationship between perceived organizational stressors and police performance indicates which features of the police organization generate the most stress affecting performance and provides a model of organizational stress that applies to police agencies While much stress research portrays the operation of policing as the greatest source of contention among officers this research shows the ever present rigid hierarchical design of the police agency to be contributing factor of stress that affects performance Ideal for scholars police personnel and policymakers who are interested in how the police organization contributes to lower officer performance this book has implications for policing agencies in the United States and worldwide      **Training the 21st Century Police Officer** Russell W. Glenn,Barbara Raymond,Dionne Barnes-Proby,Elizabeth Williams,John Christian,2003-08-08 Restructure the LAPD Training Group to allow the centralization of planning instructor qualification evaluation and retention and more efficient use of resources      *Legal Phantoms* Susan Bibler Coutin,Jennifer M. Chacón,Stephen Lee,2024-01-30 The 2012 Deferred Action for Childhood Arrivals DACA program

was supposed to be a stepping stone a policy innovation announced by the White House designed to put pressure on Congress for a broader lasting set of legislative changes Those changes never materialized and the people who hoped to benefit from them have been forced to navigate a tense and contradictory policy landscape ever since haunted by these unfulfilled promises Legal Phantoms tells their story After Congress failed to pass a comprehensive immigration bill in 2013 President Obama pivoted in 2014 to supplementing DACA with a deferred action program known as DAPA for the parents of citizens and lawful permanent residents and a DACA expansion DACA in 2014 But challenges from Republican led states prevented even these programs from going into effect Interviews with would be applicants immigrant rights advocates and government officials reveal how such failed immigration reform efforts continue to affect not only those who had hoped to benefit but their families communities and the country in which they have made an uneasy home Out of the ashes of these lost dreams though people find their own paths forward through uncharted legal territory with creativity and resistance
