Lost in Translation, Found in Transliteration Alex Kerner, 2018-06-12 In *Lost in Translation Found in Transliteration* Alex Kerner examines London s Spanish Portuguese Jews congregation in the seventeenth and eighteenth centuries as a community that delineated its identity not only along ethnic and religious lines but also along the various languages spoken by its members By zealously keeping Hebrew and Spanish for prayer and

Portuguese for community administration generations of wardens attempted to keep control over their community alongside a tough censorial policy on book printing Clinging to the Iberian languages worked as a bulwark against assimilation adding language to religion as an additional identity component As Spanish and Portuguese speaking generations were replaced with younger ones English permeated daily and community life intensifying assimilationist trends His focus on books as an indicator of the importance of language in the London community is well presented and Kerner s clear description of the varying uses of Spanish Portuguese and Hebrew and later English by the Sephardim in London gives a good survey of the changes in the community over the 150 years covered by the book Highly recommended Michelle Chesner Columbia University in Association of Jewish Libraries News and Reviews 1 1 2019 Alex Kerner s admirable study is a valuable contribution to our knowledge of the interrelationships between language and censorship and their maintenance of community identity Barry Taylor The British Library London in Bulletin of Spanish Studies 96 2019 This volume is a significant contribution to the well researched history of the Spanish and Portuguese Jews of London providing a clear and nuanced in depth analysis of the reasons for and history of its censorship policy Wendy Filer King s College London UK in Journal of Jewish Studies 70 2 2019 **Perranzabuloe, the Lost Church Found** Charles Trelawny Collins-Trelawny,1846
