States Army since January 1993 I am still doing what I like best teaching training soldiers But not in a class room but through a series of books called THE RANGER DIGESTS Now before I decided to self publish these books I use to forward all my tips tricks and ideas to the Department of the Army But the only thing I ever received back were letters saying sorry not feasible for military outdoor field conditions Well since the Army wasn't interested in my ideas I then decided to write a book about my tips tricks and try to market them to the troops myself After all when it comes to common sense and field craft ingenuity the troops know more about this stuff than some chair borne colonel or general sitting behind his nice cozy desk at the Pentagon
