Ritual and Mythology of the Chinese Triads Barend ter Haar, 2021-08-30. The extensive ritual and mythological lore of the Chinese Triads form the scope of this new paperback title in Brill's Scholars' List. The author critically evaluates the extant sources and offers a wealth of contextual information. The core of the book is formed by a close reading of the initiation ritual including the burning of incense, the altar, the enactment of a journey of life and death, and the blood covenant. Different narrative structures are also presented. These include the messianic, demonological, paradigm, political, legitimation, and the foundation of myth. Triad lore is placed in its own religious and cultural context, allowing radically new conclusions about its origins, meanings, and functions. This book is of special interest to social historians, anthropologists, and students of Chinese religious culture.

Identification Technology for Solid Waste and Hazardous Waste: Practice in China Yufei Yang, Qingqi Die, Fei Wang, Hongjin Yu, 2024-10-01. This book introduces solid and hazardous waste identification technology in environmental management. The author summarizes solid waste and hazardous waste identification research of more than two decades. It includes a series of identification standards, the list of hazardous waste, and case studies to broaden the understanding of readers systematically.
