C# 5.0 Unleashed Bart De Smet, 2013-04-17 Buy the print C 5 0 Unleashed and get the eBook version for free See inside the book for access code and details C 5 0 Unleashed is for anyone who wants to learn the C programming language in depth understanding how language features truly work While giving you those insights you learn where and how to use the features to design various kinds of software This book not only teaches the language s capabilities it also looks behind the scenes to build a solid foundation to aid you in understanding the NET platform as a whole Bart De Smet offers exceptional insight into the features of both the language and Microsoft s broader framework He doesn t just cover the what and how of effective C programming He explains the why so you can consistently choose the right language and platform features maximizing your efficiency and effectiveness The early chapters introduce the NET platform the tooling ecosystem and the C programming language followed by in depth coverage of the C programming language itself with immediate application of language features The last chapters give an overview of the NET Framework libraries about which every good developer on the platform should know Understand the NET platform its language support libraries tools and more Learn where C fits how it has evolved and where it s headed Master essential language features including expressions operators types objects and methods Efficiently manage exceptions and resources Write more effective C object oriented code Make the most of generics collections delegates reflection and other advanced language features Use LINQ to express queries for any form of data Master dynamic programming techniques built on NET s Dynamic Language Runtime DLR Work with namespaces assemblies and application domains Write more efficient code using threading synchronization and advanced parallel programming techniques Leverage the Base Class Library BCL to quickly perform many common tasks Instrument diagnose test and troubleshoot your C code Understand how to use the new C 5 0 asynchronous programming features Leverage interoperability with Windows Runtime to build Windows 8 applications

C# 4.0 Unleashed Bart De Smet, 2011-01-04 C 4 0 Unleashed is a practical reference focusing on the C language and the NET platform as a whole While covering the language in lots of detail it also provides enough coverage of various popular NET technologies and techniques such as debugging for the reader to be successful on the NET platform The in depth coverage of the language features is crucial to the success of a developer Knowing exactly where and why to use certain language features can boost efficiency significantly This book differs from other works by going into enough depth on how things work while not being a clone of the formal language specification Concise anecdotes with concrete samples illustrate how certain language features behave and also point out possible caveats in using them On the side of platform coverage the author provides a gentle introduction to the wide landscape of the NET platform following a logical structure that reflects the high level architecture of an application presentation logic data connectivity etc In the NET part of the book there s coverage of relevant new technologies such as cloud computing modeling and parallel programming things that will gain much more attention moving forward Provides

valuable insight into the C language and the NET Framework not just what but also the how and why of the language and framework features Covers using C with new major technologies such as cloud computing SharePoint and ASP NET MVC Author is Microsoft insider Will be day and date with the release of C 4 0
