Measuring Compliance Melissa Rorie, Benjamin van Rooij, 2022-02-24 Compliance or the behavioral response to legal rules has become an important topic for academics and practitioners A large body of work exists that describes different influences on business compliance but a fundamental challenge remains how to measure compliance or noncompliance behavior itself Without proper measurement it s impossible to evaluate existing management and regulatory enforcement practices *Measuring Compliance* provides the first comprehensive overview of different approaches that are or could be used to measure compliance by business organizations The book addresses the strengths and weaknesses of various methods and offers both academics and practitioners guidance on which measures are best for different purposes In addition to understanding the importance of measuring compliance and its potential negative effects in a variety of contexts readers will learn how to collect data to answer different questions in the compliance domain and how to offer suggestions for improving compliance measurement

Climate Adaptation Investment and the Community Reinvestment Act Jesse M. Keenan , Elizabeth Mattiuzzi, 2019-06-17 Climate change is already causing disruption to regional economic activity Low to moderate income populations are highly vulnerable to these impacts in part because they often have fewer resources to adapt The stability and

prosperity of local economies in the face of climate change depends on how well the public private and civic sectors can come together to respond to the shocks and stresses of climate change Collaborative efforts to fund climate adaptation not only reduce the burden on highly vulnerable populations but they also offer the opportunity for co benefits within a broader portfolio of community development ambitions This report introduces the field of climate adaptation finance and explains its connection to the Community Reinvestment Act CRA within the context of the disaster provisions guiding pre and post disaster investments In a demonstration of need the report provides evidence of the spatial concentration of disaster declarations in areas with CRA eligible populations Existing innovative and hypothetical investments are highlighted within a broader context for stimulating greater pre disaster planning and investment Community development practitioners investors and policymakers will find this report useful for sparking new ideas about how to develop partnerships and funding streams for CRA eligible activities in both eligible communities and areas within a federal disaster declaration that will reduce the vulnerability and increase the adaptive capacity of communities to the impacts of climate change
