

Your partner in the laboratory

Laboratory methods hardly change, but the tools for implementing them are always developing.

FOSS solutions take the burden of laboratory testing, avoiding repetitive, manual procedures while keeping contact with chemicals to a minimum. Automated procedures also help to avoid inevitable human error so that results are consistent and traceable.

Over time, the streamlined operations enabled by effective use of technology boost capacity and throughput for a rapid return on investment.

More than 30,000 laboratories around the world use a FOSS solution for their daily chemical analysis work. Our systems are supported by more than 250 detailed applications and local expertise worldwide.

For food, feed, agricultural and environmental testing

Our specialization in food, feed and environmental testing allows us to fully understand our users' demands and deliver practical solutions. FOSS solutions cover a range of testing requirements including digestion, distillation, fiber analysis, sample preparation and rapid methods.

Main applications for FOSS solutions include:

- Nitrogen/protein
- Total and crude fat and other extractable matter
- Crude, detergent and dietary fiber
- Nutrient parameters in water and soil
- And many more

Industry collaboration and continuous improvement

Many years of collaboration with the industry ensures continuous improvement in analytical operations through development of innovative and practical solutions targeted at the demands of our core business areas.

Getting the full value

Completing the picture, FOSS offers support around the globe from trained local staff. A broad range of support and maintenance options is available. Coupled with the legendary robustness of FOSS Tecator instruments, it all adds up to a long instrument lifetime and great value for money.

Tecator™ Line – Same principles, new technology

From those distinctive Tecator orange instruments developed over 25 years ago to the sleek lines of the latest, fully automated solutions, FOSS has always been at the forefront of innovation in laboratory analysis. Today, the same design principles behind the original Tecator instruments continue.
