

The book cover features a collage of images related to materials science and engineering. At the top left, a stylized white crescent moon is set against a dark, textured background. Below this, a horizontal strip contains three distinct images: on the left, a molecular model with blue spheres and connecting lines; in the center, a close-up of a hexagonal lattice structure, possibly a crystal or a honeycomb-like material; and on the right, a series of dark, curved, ribbed structures that resemble a corrugated pipe or a biological structure. The main title is centered in a dark horizontal band. At the bottom, another horizontal strip shows a dark, angular, geometric structure on the left and a series of curved, metallic-looking lines on the right.
