Behind him is a large window showing the US Capitol building and greenery under a blue sky with clouds. The desk has a blue and yellow design. On the front of the desk, the words "SPECIAL REPORT" are displayed in large, bold, blue letters with a gold outline. Below this, in a smaller black box, it says "W/ BRET BAIER".

Obama, the Media, and Framing the U.S. Exit from Iraq and Afghanistan Erika G. King, 2016-05-23 Situating Obama's end of war discourse in the historical context of the 2001 terrorist attacks *Obama the Media and Framing the U.S. Exit from Iraq and Afghanistan* begins with a detailed comparison with the Bush war on terror security narrative before examining elements of continuity and change in post 9/11 elite rhetoric Erika King deftly employs two case studies of presidential and media framing the weeks surrounding the formal announcements of Obama's December 2009 surge then exit strategy from Afghanistan and the end of

combat operations in Iraq in August 2010 to explore the role of mass media in presenting presidential narratives of war and finds evidence of an interpretive disconnect between the media and a president seeking to present a more nuanced approach to keeping America safe Eloquent scrutiny of Obama's discourse on the U.S. exit from two post 9/11 wars and contrasting the presidential endgame frame with the U.S. mainstream media's narratives of the wars meaning accomplishments and denouement provides a unique combination of qualitative content analysis and topical case studies and makes this volume an ideal resource for scholars and researchers grappling with the complicated and ever evolving nexus of war the president and the media

In Trump We Trust Ann Coulter, 2016-08-23 Donald Trump won the presidency by being a one man wrecking ball against our dysfunctional and corrupt establishment Now Ann Coulter with her unique insight candor and sense of humor makes the definitive case for why we should all join his revolution The media have twisted themselves in knots trying to grasp how Donald Trump won over millions of Americans and what he ll be like as president But Ann Coulter isn t puzzled She knows why Trump was the only one of seventeen GOP contenders who captured the spirit of our time She gets the power of addressing the pain of the silent majority and saying things the PC Thought Police considers unspeakable She argues that a bull in the china shop is exactly what we need to make America great again In this powerful book Coulter explains why conservatives moderates and even disgruntled Democrats should set aside their doubts and embrace Trump He s putting America first in our trade deals and alliances rather than pandering to our allies and enemies He s abandoned the GOP s decades long commitment to a bellicose foreign policy at a time when the entire country is sick of unnecessary wars He s ended GOP pandering to Hispanic activists with his hard line policy on immigration Working class Americans finally have a

champion against open borders and cheap foreign labor He s overturned the media s traditional role in setting the agenda and defining who gets to be considered presidential He s exposed political consultants as grifters and hacks most of whom don t know real voters from a hole in the ground If you re already a Trump fan Ann Coulter will help you defend and promote your position If you re not she might just change your mind

Ohio's Kingmaker William T. Horner,2010-03-04 For a decade straddling the turn of the twentieth century Mark Hanna was one of the most famous men in America Portrayed as the puppet master controlling the weak willed William McKinley Hanna was loved by most Republicans and reviled by Democrats in large part because of the way he was portrayed by the media of the day Newspapers and other media outlets that supported McKinley reported positively about Hanna but those sympathetic to William Jennings Bryan the Democrats presidential nominee in 1896 and 1900 attacked Hanna far more aggressively than they attacked McKinley himself Their portrayal of Hanna was wrong but powerful and this negative image of him survives to this day In this study of Mark Hanna s career in presidential politics William T Horner demonstrates the flaws inherent in the ways the news media cover politics He deconstructs the myths that surround Hanna and demonstrates the dangerous and long lasting effect that inaccurate reporting can have on our understanding of politics When Karl Rove emerged as the political adviser to George W Bush s presidential campaigns the reporters quickly began to compare Rove to Hanna even a century after Hanna s death The two men played vastly different roles for the presidents they served but modern reporters consistently described Rove as the second coming of Mark Hanna another political Svengali Ohio s Kingmaker is the story of a fascinating character in American politics and serves to remind us of the power of mis perceptions

Bush's War Jim A. Kuypers,2006-10-10 Immediately after the attacks of September 11 2001 Americans looked to President Bush for words of leadership In his most formal reply of the day he said Today our fellow citizens our way of life our very freedom came under attack in a series of deliberate and deadly terrorist acts The victims were in airplanes or in their offices secretaries businessmen and women military and federal workers moms and dads friends and neighbors Thousands of lives were suddenly ended by evil despicable acts of terror The stark tone of Bush s speech suggested the promise of more words to come from the president and it is these words that Bush s War addresses While many books have offered a take on the attacks of 9 11 and their impact upon American society one area has been comparatively ignored presidential justifications for war in the age of terrorism Specifically what did President Bush say to justify American military

actions in the post 9/11 world And how did the public hear what he said especially as it was filtered through the news media The eloquent and thoughtful Bush's War shows how public perception of what the president says is shaped by media bias Jim A. Kuypers compares Bush's statements with press coverage arguing that the nature of American public knowledge concerning our role in the world has been changed _not by 9/11 but by the subsequent argumentative back and forth between Bush and the press

Targeting Terrorists Avery Plaw, 2016-04-01 Targeting Terrorists A License to Kill examines the political history and ethics of targeted killing Avery Plaw's analysis addresses the questions of moral political and legal justification in the context of the current war on terror and of legitimate illegitimate forms of counter terrorism more generally Given the increasing number of terrorist targetings conducted around the world today and the virtual absence of a sustained public and scholarly debate over the practice this study makes a crucial contribution to the examination of an increasingly important and troubling subject Incorporating insights and arguments from a range of disciplines and approaches and offering an excellent balance between theory and case studies this book is highly relevant for courses on ethics politics international relations and international law

Dangerous Spaces D. Marvin Jones, 2016-10-24 An eye opening unapologetic explanation of what racial profiling is in modern day America systematic targeting of communities and placing of suspicion on populations on the basis of not only ethnicity but also certain places that are linked to the social identity of that group In 21st century post civil rights era America race has become complex and intersectional It is no longer simply a matter of color black versus white contends author D. Marvin Jones but equally a matter of space or geographies of fear which he defines as spaces in which different groups are particularly vulnerable to stereotyping by law enforcement blacks in the urban ghetto Mexicans at the functional equivalent of the border Arabs at the airport Dangerous Spaces Beyond the Racial Profile demonstrates how society has constructed a set of threat narratives in which certain widespread problems immigration drugs gangs and terrorism for example have been racialized and explains the historical and social origins of these racializing threat narratives The book identifies how these narratives have led directly to relentless profiling that results in arrest deportation massive surveillance or even death for members of suspect populations Readers will come to understand how the problem of profiling is not merely a problem of institutional bias and individual decision making but also a deeply rooted cultural issue stemming from the processes of meaning making and identity construction
