Creativity and Giftedness in Science** Melissa K. Demetrikopoulos, John L. Pecore, 2015-12-17 This book explores education
for juvenile offenders in relation to Passages Academy which is both similar to and representative of many school programs
in juvenile correctional facilities Examining the mission and population of this school contributes to an understanding of the
ways in which the teachers think about and ultimately act with respect to their detained juveniles students and particularly
illustrates how the tension between punishment and rehabilitation is played out in school policies and design By calling
attention to the decisions that surround juvenile detention education the extant research concentrates on three main areas
first the social political and pedagogical forces that determine who enters the juvenile justice systems second how these
court involved youths are educated while they are in the system and third the practical problems and the social justice issues
youths encountered when transitioning back to their community schools I Hope I Don t See You Tomorrow is both
heartwarming and heartbreaking its vast empathy for the students that L A Gabay teaches is edifying while its unsparing
examination of the forces that push youth into detention is soul shearing Gabay is at once Tocqueville and Kozol he brilliantly
guides us through the educational territory that is foreign to most of us even as he paints a searing portrait of teachers who
shape lesson plans for students who must learn under impossible conditions Gabay s haunting and eloquent missive from the
front lines of pain and possibility couldn t be more timely as the nation s first black president seeks to lessen the stigma of
nonviolent ex offenders in our society Gabay s book confronts the criminal justice system at its institutional roots in the
economic misery and racial strife of schooling that compounds the suffering of poor youth as they are contained by a state
that often only pays attention to them when they are in trouble Gabay opens eyes and vexes minds with this stirring and
sober account of what it means to teach those whom society has deemed utterly expendable Michael Eric Dyson author of
The Black Presidency Barack Obama and the Politics of Race in America As a beneficiary of Lee Gabay and his colleague s
patience discipline and compassionate teaching at the school this timely book beautifully decrypts the pedagogical
framework within the juvenile justice system As America comes to term with its zeal for incarceration policymakers
