

The door closed with a sickening thud of finality, shutting my friends out and leaving me alone with my enemy, a fallen angel, and the monstrous bird creature his ancient lust had created. Then I did something I'd only done twice before in my entire life. I fainted.

It's all happening, though Zoey Redbird wishes it wasn't. She has her friends back, which is great. But a dark angel has taken over the House of Night, supported by High Priestess Neferet. Not so great. This leaves Zoey hiding out with the (supposedly friendly) red fledglings in Tulsa's prohibition era tunnels.

The not greatness continues.

Naturally, Zoey also has boy issues to stress her out, with a chance to make up with super-hot-ex Eric. But thoughts of the archer that died, semi-permanently, in her arms keep distracting her. Then he shows up as Neferet's newest minion. Well, hell. Zoey and friends will need a plan to put things right, and soon, if she can just keep her head and her heart intact.
