On the first day of my practicum exercise, after meeting the department manager, I was asked to wait for my preceptor who has to take me through the entire practicum exercise. As I waited for my preceptor, I noticed she was out of the office having spontaneous engagement. After meeting with my preceptor, she played significant roles regarding my practicum exercise. The first thing was introducing me to various departments. This gave me the opportunity of meeting the departmental personnel as well. This introduction was essential because, it enable me to familiarize myself with the clinical environment. During this exercise I managed to make an observation practice that regards evidence bias on hygiene among care providers. Later on I had a conversation with my preceptor regarding hygiene among care providers (Rutledge, 2011).

My preceptor prepared me for the need to ensure hygiene in health institutions to reduce infections. My preceptor also gave me information regarding departments that ensure hand hygiene and how important it is. Hand hygiene helps to reduce hospital acquired infection. A meeting where I participated was held to discuss ways to sustain hand washing program. At the meeting, it was suggested that, to ensure hygiene, hand washing materials have to be available to the employees in every department (Beauchesne, 2010). I then presented my practicum manual to the preceptor. The preceptor explained her role in this exercise and also asked me to let her know of my goals expectations in the next meeting.

The Modern Essay in French Charles Forsdick, Andy Stafford, 2005 As a textual form the *essai* predominates in modern and contemporary literature in French Emerging from an earlier tradition and distinguished from its English language counterpart the French language essay ranges from St phane Mallarm to Colette Victor Segalen to Aim C saire Jean Grenier to Pierre Michon The *essai* remains however one of the most hazily identified of textual forms its definition often depending on the progressive elimination of all other generic possibilities Excluded from the archigenres theatre poetry r cit it can even be seen as a hold all category whose role is to absorb the anarchic extremes of writing It is perhaps this very lack of pretension to orthodoxy that has drawn so many writers to the *essai* The conventional understanding of the term as a tentative unsystematic exploration stresses the genre s provisional nature its refusal of any claims to comprehensiveness The *essai* exploits the devices of anecdote illustration and humour it is addressed to a wide and often general audience it is also intricately linked to the performance of ideological and writerly strategies often reordering the classical art of rhetoric and persuasion As the contributions to this volume show there is a need to outline an ethics and politics as well as poetics of essayism

Emerson's Essays Harold Bloom, 2006 Ralph Waldo Emerson 1803-1882 was the most influential American writer of the nineteenth century. Poets such as Walt Whitman, Emily Dickinson, Robert Frost, and Wallace Stevens descend from Emerson, as do thinkers such as John Dewey and William James. This volume of critical interpretations focuses on Emerson's *Essays* (First Series 1841 and *Essays* Second Series 1844), which encompass some of his most important works: *History*, *Self-Reliance*, *Circles*, *The Poet*, and *Experience*, among others. These essays exemplify Emerson's distinctively rich prose and his radical affirmation of the strength of the individual. The analyses and appreciations collected here place Emerson's essays in the context of literary and intellectual history, grapple with the implications of his epigrams and tropes, and link his shifts of perspective and tone to the changes in Emerson's life. Together, they illuminate the complexity and scope of the seminal works of America's most influential writer and thinker. Book jacket

Standard Essays S. K. Tarafder, 2008 [Reinterpreting the Spanish American Essay](#) Doris Meyer, 2010-06-25 Latin American women have long written essays on topics ranging from gender identity and the female experience to social injustice, political oppression, lack of educational opportunities, and the need for female solidarity in a patriarchal environment. But this rich vein of writing has often been ignored and is rarely studied. This volume of twenty-one original studies by noted experts in Latin American literature seeks to recover and celebrate the accomplishments of Latin American women essayists. Taking a variety of critical approaches, the authors look at the way women writers have interpreted the essay genre, molded it to their expression, and created an intellectual tradition of their own. Some of the writers they treat are Flora Tristan, Gertrudis Gómez de Avellaneda, Clorinda Matto de Turner, Victoria Ocampo, Alfonsina Storni, Rosario Ferré, Christina Peri Rossi, and Elena Poniatowska. This book is the first of a two-volume project that reexamines the Latin American essay from a feminist perspective. The second volume, also edited by Doris Meyer, contains thirty-six essays in translation by twenty-two women authors
