Keith,1992-10-26 The three most important things to evaluate when selecting Chemical Protective Clothing CPC are 1 evidence of degradation of the garment exposed to a chemical 2 breakthrough time and 3 permeation rate Because proper CPC selection must be based on permeation and degradation tests performed upon specific manufacturer products you need an information source that enables you to access test results quickly and easily Chemical Protective Clothing Permeation Degradation Database is that source It is the world s largest international CPC database containing over 10 000 results from tests of more than 660 chemicals and mixtures against more than 250 CPC models Every test result has a complete reference source Use Chemical Protective Clothing Permeation Degradation Database as a supplement to your Material Safety Data Sheets to help select the best garments for your particular needs It will be just as important to use this information to evaluate your existing stock of CPC to determine which chemicals they should not be used with Furthermore the powerful searching capabilities built into the database programs help to provide rapid responses in emergency situations especially when used on portable computers In fact searches are even accessible from the U S Coast Guard s Cameo™ 3 Navigator text The Macintosh™ version of Chemical Protective Clothing Permeation Degradation Database can be used on Macintosh Plus SE Portable or any Macintosh II computer with 1 MB 2 MB or more recommended RAM and a hard drive You should have Hypercard Version 2 0 or higher and at least 2 MB of available hard drive disk space to use the programs *Emergency Response Handbook for Chemical and Biological Agents and Weapons* John R. Cashman,2008-03-31 Updated to reflect the numerous advances that have evolved since the September 11 terrorist attacks *Emergency Response Handbook for Chemical and Biological Agents and Weapons* Second Edition maintains its reputation as a comprehensive training manual for emergency responders to incidents involving nuclear biological and chemical materials **Hazardous Materials: Managing the Incident with Navigate Advantage Access** Gregory G. Noll,Michael S. Hildebrand,2022-11-07 The book is in wide use by fire fighters hazmat teams bomb squads industrial emergency response teams and other emergency responders who may deal with unplanned hazardous materials incidents **Counter-Terrorism for Emergency Responders, Second Edition** Robert A. Burke,2006-07-25 Terrorism is no longer something that only happens to other countries Attacks on US soil in the 1990 s brought the reality of terrorism home and the Sept 11th tragedy let us know that the United States is a high priority target The goal of today s terrorist is body count and while traditional bombings have served them in the past the allure of killing

thousands of people with a very small amount of biological or chemical agent will prove irresistible Our only defense on the front line is a well prepared emergency response team The key to an effective terrorist response is to understand and contain the hazardous materials involved Counter Terrorism for Emergency Responders Second Edition meticulously details the characteristics actions identification containment and emergency treatment of all types of agents Drastically updated from the 1999 edition chapter after chapter is packed with new information on chemical agents biological agents and explosive nuclear and incendiary devices Using his 26 years of experience in emergency services and his skills as a hazardous materials consultant in more than 15 states the author prepares the first responder to handle everything from re establishing control and on scene triage to investigating the crime Including information on pre incident and avoidance tactics the author provides new monitoring and detection techniques protective equipment and decontamination and an extensive list of resource organizations and training opportunities The worst may never happen to your community but will you be prepared if it does
