**The Best for Our Children** Maria de la Luz Reyes,John J. Halcon,2001 This watershed volume brings together the foremost leading authorities and scholars lending their individual voices to a single urgent issue literacy for Latino students In a departure from traditional paradigms Latinos examine their own lived experiences in U S schools and offer sound theories born from positions of expertise and first hand knowledge as researchers and educators Their discussions and critical perspectives on literacy for Latino students in grades K 12 touch on the important topics of Encouraging biliteracy in the

classroom  
Constructing theories of possibility  
Promoting critically literate youth  
Organizing teaching and learning to students  
potential  
Linking literacy to lived experiences  
As insiders in Spanish speaking communities that are often maligned for their children's alleged failure in schools these authors offer hope for children's academic potential as well as evidence showing that integration of native language and culture in supportive learning environments can lead to success in literacy in two languages  
Contributors Alma Flor Ada Hector Alvarez Maria V. Balderrama Patricia Baquedano Lopez Lilia I. Bartolome Maria Echiburu Berzins Esteban Diaz Barbara Flores Maria E. Frnquiz Kris D. Gutierrez Bobbi Ciriza Houtchens Robert T. Jimenez Eloise Andrade Laliberty Alice Lopez Roberta Maldonado Carmen I. Mercado Luis C. Moll Rosa Zubizarreta  
In this illuminating volume the authors courageously challenge the assumption of a skill-based English-only literacy for Latinos. By shifting the literacy debate to a sociocultural terrain they urge readers to confront the prevailing issues of racism, classism, gender, and economic deprivation that characterize the literacy of Latino/Latina students in the U.S. public schools. Simply put, this volume provides readers with the necessary political clarity to understand and appreciate what it means to be literate in the changing multilingual and multicultural world of the 21st century.

*The Literate Kindergarten* Susan L. Kempton, 2007  
This very important book reaffirms the beauty and uniqueness of children's developing minds and the power that is unleashed when their imaginations are nurtured.  
Susan Zimmermann  
Kindergarten has changed and not necessarily for the better. Once a joyful time when children grow into school gradually, today it often resembles a watered-down first grade where academic pressures squelch creativity and play. *The Literate Kindergarten* shows how carefully balancing academics with song, movement, talk, and play creates an environment where every child can grow and learn.  
Sue Kempton is a master teacher and in *The Literate Kindergarten* she shares the thinking, the structures, even the precise language she uses to help young children become motivated, engaged, and joyful learners. Kempton guides you through the three domains of learning on which she bases her lessons and actions: the cognitive, creative, and emotional. With this framework in mind, Kempton offers clues to interpreting children's talk and body language so that you know which domain they are engaged in, as well as specific questions and phrases that draw out their thinking and make learning visible. From there, *The Literate Kindergarten* offers effective suggestions for establishing routines and creating cooperation, developing oral language, modeling the language of thinking, teaching across content areas, supporting students as they become socialized to school, recognizing the vital importance of integrating music, movement, and play, familiarizing children with concepts of print, comprehension strategies, and other important literacy habits. Discover thoughtful ways to create a safe, nurturing, predictable learning space for children where their thoughts and feelings are encouraged.  
Read *The Literate Kindergarten* and discover a comprehensive resource that can bring joy and serious learning to your classroom.
