W. Green, Steven Félix-Jäger, 2024-09-16 The Spirit and the Song Pneumatological Reflections on Popular Music explores pertinent pneumatological issues that arise in music It offers three distinct contributions first it asks what if anything music tells listeners about God s Spiritedness Can the experience of music speak to human spiritedness the world s transcendentality or a person s own self transcendence in ways nothing else does or can Second this book explores how the Spirit functions within and even determines culture through music Because music is a profound human expression it can find itself in a rich dialogue with the Spirit Third and finally this book explores the contested status of music in Christian spiritual traditions It deals with music as inspired by the Spirit music as participation in Spiritedness and music as temptation of the flesh As such this book also engages music s placement in Christian spiritual traditions The contributors of this book ask how Christian convictions about and experiences of the Spirit might shape the way one thinks about music **Getting Past the Start** Becca Ramirez, 2014-11-11 Do you ever feel so overwhelmed by the idea God has a purpose for your life you become immobilized by fear Do you wonder how badly you can mess life up and still fulfill this purpose God has a plan for your life This simple phrase meant to encourage so often scares us into idleness We don't know what to do so instead we do nothing and fear what will happen if we fail In Getting Past the Start author Becca Ramirez encourages Christians to be bold in their faith and run the race that God has placed before them with confidence Through topics like the gifts of the spirit and the will of God Ramirez shows we are more prepared to handle this life than we previously believed She discusses realizing the potential that God has placed within us allowing him to take control of that potential and making sure that change becomes a reality Through scriptures and other sources Getting Past the Start focuses on getting out of the blocks and running the race before us rather than watching from the sidelines It tells us to overcome the fear that has paralyzed us and recognize God has equipped us to do all we are called to do *Facing the Fire* Kelvin J. Cochran, 2021-10-12 Decades fighting other people s fires prepared Kelvin Cochran to face his own fiery trial He overcame poverty prejudice and pain to fulfill a childhood dream of helping others rising to the top of firefighting s professional ladder in Atlanta Georgia At one time nationally recognized as America s fire chief Kelvin unexpectedly found himself caught in a fireball of controversy over his orthodox Christian beliefs for which he ultimately was fired by the city making him a focal point in a national battle over religious freedom Misrepresented by activists and the media Kelvin relied on his faith to bring him through In due course he emerged from the flames of scandal unscathed like the friends of the prophet Daniel who were thrown into the burning furnace Kelvin s story is a sobering warning of how Christians faithful to biblical teachings are increasingly at risk of persecution in today s

culture It is also an inspiring example of overcoming racial prejudice and adversity and finding the courage to take the heat and stand for the truth

Music, Branding and Consumer Culture in Church Tom Wagner, 2019-10-16 Starting as a single congregation in Australia Hillsong Church now has campuses worldwide releases worship music that sells millions of albums and its ministers regularly appear in mainstream media So how has a single church gained such international prominence This book offers an ethnographic exploration of the ways in which music and marketing have been utilised in the pursuit and production of spiritual experience for members of Hillsong Church An experience that has proven to be incredibly popular The main theme of this book is that marketing specifically branding is not just a way to sell religion but rather an integral part of spiritual experience in consumer society Focussing on the London Hillsong church as a case study the use of its own music in tandem with strong branding is shown to be a co and re productive method of organizing patterning and communicating information The church provides the branded material and cultural context in which participants sacred experience of self unfolds However this requires participants to do the work to properly understand and ultimately embody the values associated with the brand This book raises important questions about the role of branding and music in forming modern sacred identities As such it will be of great interest to scholars of Religious Studies
