**Humbling Faith** Peter Admirand, 2019-03-22

This is a book hoping to embolden doubt and sharpen unanswerable questions all in the context of loving the self and one another. Ridiculously, it believes the world can be healed through such a hope. It is especially addressed to those allergic to the word faith and others who feel confident and proud in the faith they profess or system of thought they live by. Humbling Faith helps us see how our beliefs or non-beliefs, our belongings and identities often remain flawed, myopic, self-absorbed, unredeemed. The hope is that such awareness of our brokenness can fuel greater ethical partnerships and dialogue, promoting peace from our recognized need for one another. Humbling Faith is not only a resource towards humbling other faiths but most importantly, your own.

**Political Communication and Deliberation** John Gastil, 2008

The act of deliberation is the act of reflecting carefully on a matter and weighing the strengths and weaknesses of alternative solutions to a problem. It aims to arrive at a decision or judgment based not only on facts and data but also on values, emotions, and other less technical considerations. Though a solitary individual can deliberate, it more commonly means making decisions together as a small group, an organization, or a nation. Political Communication and Deliberation takes a unique approach to the field of political communication.
