Part I – Leala's Old Farm

Leala and Jake raised their son, Jimmy, on Leala's family farm in north Georgia. Jake built their modest home in the 1940s from recycled pieces of an old schoolhouse that were on the site.

Journal of Soil and Water Conservation ,2011 Vol 25 no 1 contains the society s Lincoln Chapter s Resource conservation glossary The Lost Promise of Progressivism Eldon J. Eisenach,1994-06-21 Long before the current calls for national service civic responsibility and the restoration of community values the Progressives initiated a remarkably similar challenge Eldon Eisenach traces the evolution of this powerful national movement from its theoretical origins through its dramatic rise and sudden demise and shows why their philosophy still speaks to us with such eloquence Eisenach analyzes how and why between 1885 and World War I progressive political ideas conquered almost every cultural and intellectual bastion except constitutional law and dominated every major national institution except the courts and party system Progressives he demonstrates were especially influential as a force in American politics higher education and the media They created wideranging professional networks that functioned like a hidden national government to counter a federal government they deeply distrusted They viewed the university as their national Church the main repository and disseminator of values they espoused They established truly national journals for a national audience And they drew much support from women s rights advocates and other highly vocal movements of their time Permeated with an evangelical Protestant vision of the future progressive thought was an integral part of the national discourse for nearly three decades But as Eisenach reveals at the very moment of its triumph it disintegrated as both a coherent theory and a viable public doctrine With the election in 1912 of Woodrow Wilson the movement reached its peak but thereafter lost its momentum and force Its precipitous decline was accelerated by world war and by the rise of New Deal liberalism By the end of the Depression it had disappeared as an influential player in American public life In the decades that followed the Progressive mantle went unclaimed Conservatives blamed the Progressives for the rise of the welfare state and many liberals cringed at their theological and imperialist rhetoric Eisenach however argues that we still have much to learn about and from the Progressives By enlarging our understanding of their thought we greatly increase our understanding of an America whose national institutions political cultural educational religious professional economic and journalistic are all largely the product of this thinking In other words their ideas are still very much with us **Agricultural Policy for the 21st Century** Luther G. Tweeten,Stanley R. Thompson,2008-06-02 Agricultural policy reform has become a very hot topic Over the next couple of years we will see the funding for these programs being hotly debated The thesis of this book is that a better informed public is essential to bring rationality to farm policy This book provides telling evidence that markets work that competent commercial farmers will earn returns on their resources as high as those earned elsewhere in the absence of income transfer to farmers *The Politics of Losing* Rory McVeigh,Kevin Estep,2019-02-19 The Ku Klux Klan has peaked three times in American history after the Civil War around the 1960s Civil Rights Movement and in the 1920s when the Klan spread farthest and fastest Recruiting millions of members even in non Southern states the Klan s nationalist insurgency burst into

mainstream politics Almost one hundred years later the pent up anger of white Americans left behind by a changing economy has once again directed itself at immigrants and cultural outsiders and roiled a presidential election In *The Politics of Losing* Rory McVeigh and Kevin Estep trace the parallels between the 1920s Klan and today's right wing backlash identifying the conditions that allow white nationalism to emerge from the shadows White middle class Protestant Americans in the 1920s found themselves stranded by an economy that was increasingly industrialized and fueled by immigrant labor Mirroring the Klan's earlier tactics Donald Trump delivered a message that mingled economic populism with deep cultural resentments McVeigh and Estep present a sociological analysis of the Klan's outbreaks that goes beyond Trump the individual to show how his rise to power was made possible by a convergence of circumstances White Americans experience of declining privilege and perceptions of lost power can trigger a political backlash that overtly asserts white nationalist goals *The Politics of Losing* offers a rigorous and lucid explanation for a recurrent phenomenon in American history with important lessons about the origins of our alarming political climate

The Permaculture Handbook Peter Bane, 2012-06-26 A step by step guide to creating resilient and prosperous households introduces permaculture as a practical way to live well with less money convert waste into wealth and reduce dependence on fossil fuels

Disability and Rurality Karen Soldatic, Kelley Johnson, 2017-04-21 This is the first book to explore how far disability challenges dominant understandings of rurality identity gender and belonging within the rural literature The book focuses particularly on the ways disabled people give and are given meaning and value in relation to ethical rural considerations of place physical strength productivity and social reciprocity A range of different perspectives to the issues of living rurally with a disability inform this work It includes the lived experience of people with disabilities through the use of life history methodologies rich qualitative accounts and theoretical perspectives It goes beyond conventional notions of rurality grounding its analysis in a range of disability spaces and places and including the work of disability sociologists geographers cultural theorists and policy analysts This interdisciplinary focus reveals the contradictory and competing relations of rurality for disabled people and the resultant impacts and effects upon disabled people and their communities materially discursively and symbolically Of interest to all scholars of disability rural studies social work and welfare this book provides a critical intervention into the growing scholarship of rurality that has bypassed the pivotal role of disability in understanding the lived experience of rural landscapes

Urban Agriculture Craig Pearson, 2011-05-17 Most of us live in cities These are becoming increasingly complex and removed from broad scale agriculture Yet within cities there are many examples of greenspaces and local food production

that bring multiple benefits that often go unnoticed This book presents a collection of the latest thinking on the multiple dimensions of sustainable greenspace and food production within cities It describes the diversity of urban agriculture and seeks a balanced representation between the biophysical and the social It deals with urban agriculture across scales from indoor plants to farm scale filtration of greywater A range of examples and initiatives from both developed and developing countries is described and evaluated **Designs for Dairy Buildings** Edwin Harrison Webster,1908 **Circulars**

U.S.D.A. Bureau of Animal Industry,1909 **Circular** United States. Bureau of Animal Industry,1909 *Myth and Geology* Luigi Piccardi,W. Bruce Masse,2007 This book is the first peer reviewed collection of papers focusing on the potential of myth storylines to yield data and lessons that are of value to the geological sciences Building on the nascent discipline of geomythology scientists and scholars from a variety of disciplines have contributed to this volume The geological hazards such as earthquakes tsunamis volcanic eruptions and cosmic impacts that have given rise to myths are considered as are the sacred and cultural values associated with rocks fossils geological formations and landscapes There are also discussions about the historical and literary perspectives of geomythology Regional coverage includes Europe and the Mediterranean Afghanistan Cameroon India Australia Japan Pacific islands South America and North America Myth and Geology challenges the widespread notion that myths are fictitious or otherwise lacking in value for the physical sciences BOOK JACKET

Kansas Farmer ,1914 *Congressional Record* United States. Congress,1993 *History from Loss* Marnie Hughes-Warrington,Daniel Woolf,2023-05-31 History from Loss challenges the common thought that history is written by the winners and explores how history makers in different times and places across the globe have written histories from loss even when this has come at the threat to their own safety A distinguished group of historians from around the globe offer an introduction to different history makers lives and ideas and important extracts from their works which highlight various meanings of loss from physical ailments to social ostracism exile to imprisonment and from dispossession to potential execution Throughout the volume consideration of the information bubbles of different times and places helps to show how information has been weaponized to cause harm In this way the text helps to put current debates about the biases and weaponization of platforms such as social media into global and historical perspectives In combination the chapters build a picture of history from loss which is global sustained and anything but a simple mirror of history made by victors The volume also includes an Introduction and Afterword which draw out the key meanings of history from loss and which offer ideas for further exploration History from Loss provides an invaluable resource for students teachers and general readers who wish to put current debates on bias the politicization of history and threats to history makers into global and historical perspectives The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license *The Farmer's Magazine* ,1872 *British Farmer's Magazine* ,1872 **The Country Gentleman** ,1928
