

The background of the entire cover is a dramatic, monochromatic image. It depicts a large, dark ship, possibly a slave ship, resting on a rocky, uneven shore. The ship is silhouetted against a bright, full moon that dominates the upper half of the frame. The sky is filled with wispy clouds, and the water in the foreground is dark and reflective. The overall mood is somber and evocative.

Lost And Without An Identity Until Now:

The Lost Identity RITA JOSHI,2017-12-08 Disha is a timid girl brought up by her parents as a homely quiet girl trained to be seen rather than heard She marries Giri a man her parents choose for her She goes on to be the ideal Indian wife barely questioning or rebelling and catering to the needs of her husband and an insecure mother in law Despite her constant inner conflict arising out of introspection observation and education she remains largely silent and unheard in her marriage as she was during her childhood Taunted and belittled by them her individuality slowly disappears at least to the viewer s eye Will she ever emerge out of the shadows The Lost Identity is a must read for teenagers and parents reflecting untold and little understood problems of millions of Indian girls through the protagonist Disha *The Nestorians Or, the Lost Tribes. Containing Evidence of Their Identity, an Account of Their Manners, Customs, and Ceremonies (etc.)* Asahel Grant,1841

Born into Greatness and Lost in Identity Minister Gilbert B. Wright,2021-02-08 YESTERDAY IS OVER IT ENDED AT MIDNIGHT It s time to wake up into the newness of Christ Jesus through relationship with your savior May the principles in this book dare to change you mindset actions and overall be enthusiastic about a lifestyle transformation Most of the church is still locked in a time warp of self defeating behavior Therefore as a church we have become stationary and not missionary I pray that the blessing attached to this book help you to find the proper roadmap back to Christ and answer many questions you are in pursuit of It provides and overview of the complexity that we must come back to in order to build a true relationship with Christ We must not continue to hide behind the walls of the Church and faking our way through life We

are using the church as a metaphor to run from life And we really have not developed a real relationship with Christ but we have switched drugs Now you have taken a hit off the new drug called church business And we re taking this new drug as a drug replacement for addictive behavior that really has not gone away Never before in the history of the church has there been a cry out from heaven for the true church to come back under subjection unto itself Not the four walls of the building I mean YOU Therefore life becomes and experiment instead of a purpose driven life designed by God himself This book was insured by God and has a powerful healing and restoration wrapped up in every fiber Every word pierces the heart and touches the very depths of the soul Come take a journey with me as we truly confront layer by layer of how we became Born into Greatness and Lost in Identity Like Lazarus we are commanded to come forth into the newness of Christ May your life never ever be the same May the rest of your life be the best of our life in the mighty unmatched and majestic name of Jesus Amen

Birth Defect Identity Lost By Design Rodney Harris, 2023-02-23 Birth Defect Identity Lost by Design is about the deliberate destruction of the Black family and some of the ways it was done It is still happening and is in every American history book but is concealed and covered up by the same powers that have been here for hundreds of years Change is coming because there have been laws and policies put there to keep the Black family in a place that will not allow it to grow to greatness This began long ago with the separation of families by selling them off in slavery Later laws and policies were put in effect to keep the family apart and show the Blackman in a negative way wanting to make the Black woman to believe that she didn't need a Blackman in her life and she was able to raise her family without him This was all by design

Davis, 2011-12-31 Identity and Social Change examines the thorny problem of modern identity Trenchant critiques have come from identity politics focusing on the construction of difference and the solidarity of minorities and from academic deconstructions of modern subjectivity This volume places identity in a broader sociological context of destabilizing and reintegrating forces The contributors first explore identity in light of economic changes consumerism and globalization then focus on the question of identity dissolution Zygmunt Bauman examines the effects of consumerism and considers the constraints these place on the disadvantaged Drawing together discourses of the body and globalization David Harvey considers the growth of the wage labor system worldwide and its consequences for worker consciousness Mike Featherstone outlines a rethinking of citizenship and identity formation in light of the realities of globalization and new information technologies Part two opens with Robert Dunn s examination of cultural commodification and the attenuation of social relations He argues that the media and marketplace are part of a general destabilization of identity formation Kenneth Gergen maintains that proliferating communications technologies undermine the traditional conceptions of self and community and suggest the need for a new base for building the moral society In the final chapter Harvie Ferguson argues that despite the contemporary infatuation with irony the decline of the notion of the self as an inner depth effectively severs the long connection between irony and identity Identity Redemption Danielle

Century Multicultural American Poetry Jamie D. Barker,2020-02-06 In Trauma in 20th Century Multicultural American Poetry Jamie D Barker argues that by using literary trauma theory in conjunction with a reader response approach readers can gain a better understanding of how poetry can work towards building community and encouraging empowerment over oppression by establishing collectives of people who may share similar stories and experiences connected to trauma Rather than demonstrating how the poetry may fail or trying to establish what traumatic events the speaker or poet in some studies may have encountered and the significance thereof this study focuses on how the reader may find community with the ideas represented within the poem The poetry of various ethnicities are examined including African American poets Amiri Baraka and Lucille Clifton Native American poets Robin Coffee Linda Hogan and Peter Blue Cloud as well as Japanese American poets Mitsuye Yamada Keiho Soga and Lawson Fusao Inada Although many of these poets have had their poems examined in the past none have been explored through this type of approach Furthermore very few studies have expanded upon the ideas of literary trauma theory by using reader response and no writings have examined the idea of ambivalence in poetry as this study does
