## Louis XIV Et Ses Favorites:

**Scenes from the Marriage of Louis XIV** Abby E. Zanger, 1997 This book radically revises our understanding of the construction of symbolic power in the age of absolutism by examining the fictions that emerge from visual narrative and ceremonial representations of and reactions to the 1660 marriage of Louis XIV to the Spanish infanta Drawing on semiotics the history of theater and spectacle gender studies and anthropology the author reconsiders the nature of representation in absolutist political culture The book is not intended as a history of the marriage Rather the author analyzes in detail exemplary moments or scenes from the royal wedding in particular uncovering the dialectic at the heart of nuptial fictions Like the kinship exchange out of which they emerge fictions of marriage manipulate antagonistic forces in the service of promoting the political culture of absolutism The nuptial fiction portrays a king who though central is not yet absolute and who depends on images and representational forms to become visible His perceived power relies on appendages such as the queen and forms like print fireworks and drama A calculus of addition this dependence is invisible from within the models previously used to explore the representation of sovereignty models based on rituals of substitution like the funeral rite Though the fictions generated during Louis XIV s marriage are not the principal ones of his rule they do affect the portrait of the king and provide insight into the making of an image scholars too frequently take for granted Studying nuptial fictions invites us to reexamine clichés about the representation of absolutist power generalizations that do not fully characterize the less monumental but equally crucial periods of Louis XIV s kingship *Louis XIV et les reines de coeur* Anaÿs Geeraert, 2008-11-20 La favorite ne fut jamais si présente à la cour de France que sous le règne des Bourbon Aux côtés du roi Louis XIV elles deviennent tour à tour l'étoile de la cour un lieu où sans la bienveillance du monarque elles ne seraient pas grand chose Car être la favorite du roi de France n'est pas une charge ou une fonction Celle qui occupe cette place n'est là que pour satisfaire le bon plaisir de Louis XIV et doit lutter en permanence pour conserver la faveur royale Eclipsant en grande partie la souveraine les favorites du Roi Soleil font figure de reine de France Retour sur ces femmes qui ont marqué le règne de Louis XIV dans une cour où tout n'est qu'intrigue et où les alliances ne cessent de se faire et se défaire

**Favorites** Francisco Gómez Martos,2020-09-20 Staging Favorites explores theatrical representations of royal favorites in Spanish French and English dramatic production during the late sixteenth and seventeenth centuries During this time the courts of Spain France and England were dominated by all powerful ministers who enjoyed royal favor The politics of royal favoritism gave rise to a significant group of plays which constitutes the subject of this book While scholars have studied this group partially and separately in national context Staging Favorites approaches these dramas about favorites from a wider European point of view and performs comparative analyses of a number of plays including *La paciencia en la fortuna* *Le Favori* ou *la Coquette* and *Sejanus His Fall* and adds new detail and differentiation to the early modern perception and representation of the royal favorite This book will appeal to scholars and students interested in early modern literature history of theater and cultural history      *Les Grands rois de France* Collectif,2015-01-21 De Clovis Louis Philippe Ier en
