Knowledge Based Automated Software Engineering Katalina Grigorova, Ivan Stanev, 2012-03-15 The process of developing big information systems is less effective and more resource consuming than software developers expect The most widely disseminated software engineering methods and tools applied through the life cycle of this process are characterised with a low level of process automation insufficient component reusability and dissatisfactory final product flexibility. The efficiency of the software development process can be improved with the application of hi tech IT instruments as 1 non formal business model specifications 2 automated verification and modification of the non formal specifications related to predefined standardised knowledge bases both for the domain and IT areas 3 automated generation of the final software product from the verified business model and 4 incorporation of components set for real time monitoring and tuning within the generated software This book presents the authors views on Knowledge Based Automated Software Engineering KBASE It involves the domain scope the implemented research methods tools and applications. The KBASE products presented in the book are addressed to the needs of scientists practitioners and students working in the areas of software engineering computer science knowledge representation artificial intelligence manufacturing engineering and education Still Don't Teach You In Project Management School Part 1 Joseph Dolphin, 2025-03-15 In this book Part One of the two part series the author dives deep into the aspects of project management that schools don't teach earned value analysis work package strategy onshoreoffshore delivery models staffing pyramids and the critical distinction between solution to sell and solution to deliver This essential guide provides the tools and insights to bridge the gap between theory and realworld execution making it a mustread for project managers consultants and business leaders **Proceedings of the 19th** International Symposium on Management (INSYMA 2022) Werner Ria Murhadi, Dudi Anandya, Noviaty Kresna Darmasetiawan, Juliani Dyah Trisnawati, Putu Anom Mahadwartha, Elsye Tandelilin, 2023-02-11 This is an open access book The INSYMA 19 will be the first INSYMA to be held in a hybrid format the offline event will be held in Bali Indonesia Bali is chosen as the location of the INSYMA because it is known as Indonesia's most famous tourist destination not only for domestic but also for foreign tourists Both offline and online presenters are welcome to contribute to this year s conference Configuring SAP ERP Financials and Controlling Peter Jones, John Burger, 2011-02-11 SAP is This is an open access book the world leader in Enterprise Resource Planning ERP software of the software's modules the FI Finance and CO Controlling are by far the most popular and are widely implemented This book has no competition it is the only book on the market on how to configure and implement SAP s FI and CO modules to maximize functionality and features hands on step by step instructions and real world examples that provide immediate and practical solutions Updated for SAP s ECC 6 0 the book covers FI enterprise structure general ledger substitutions and validations automatic account assignments accounts payable and receivable asset accounting accrual engine closing entries credit management lockbox CO enterprise structure
