

SETTING Using St:

Upon turning on FM broadcast, your T505 transmits call and music audio on the last selected station frequency. When audio performance is unsatisfactory, you may desire to select another transmit frequency.

To search for another station to broadcast call and music audio:

- 1 Press FM button. Your T505 searches for the best station available. While searching, call audio is muted and music audio is paused.

When a station is found, it is announced twice, and call/music audio is broadcast to that station.

- 2 Tune your FM radio to the announced station. If station works well, press and hold both Play/Pause and FM buttons to save as a **preferred** station. Preferred stations are given priority during future searches.

FM STATION ationFinder™

Note: Up to 5 preferred stations can be saved on your T505. When storing additional preferred stations, the oldest station in the existing list will be replaced.

- 3 To continue searching, repeat steps 1 and 2 until you find a satisfactory station.

When turned off, your T505's FM transmitter remembers the last station used, and begins with that station when you turn it back on.

As your environment changes (i.e. driving around a building, entering a city, etc.), the audio quality over FM may begin to degrade. This may occur more frequently in urban areas. If this occurs, perform steps 1 and 2 until you find a station with satisfactory audio quality.

CHARGING BATTERY

- 1 Plug the Motorola charger into the charging port on the rear of your T505 as shown.

The main indicator light turns red or yellow when the battery is charging. It may take up to 1 minute for the indicator light to turn on. When the T505's battery is close to fully charged (about 5 hours), the indicator light turns green.

- 2 Disconnect the charger.

Note: Your T505 is operational while charging; however, it is not recommended to charge your T505 while clipped to your sun visor.
