

A collage of five black and white photographs arranged in a grid-like pattern, separated by thin white lines. The top-left image shows a dense, abstract texture of foliage or branches. The top-right image features the word "ESPACES" in large, bold, white, sans-serif capital letters, set against a dark background. The middle row consists of two images: the left one depicts a city street with a grid of buildings and trees; the right one shows a close-up of a textured surface, possibly a wall or a piece of fabric. The bottom row contains two images: the left one is a close-up of a person's face, focusing on the eye area; the right one is a close-up of a textured surface, possibly a wall or a piece of fabric.

Projective Differential Geometry Old and New V. Ovsienko, S. Tabachnikov, 2004-12-13 Ideas of projective geometry keep reappearing in seemingly unrelated fields of mathematics The authors main goal in this 2005 book is to emphasize connections between classical projective differential geometry and contemporary mathematics and mathematical

physics They also give results and proofs of classic theorems Exercises play a prominent role historical and cultural comments set the basic notions in a broader context The book opens by discussing the Schwarzian derivative and its connection to the Virasoro algebra One dimensional projective differential geometry features strongly Related topics include differential operators the cohomology of the group of diffeomorphisms of the circle and the classical four vertex theorem The classical theory of projective hypersurfaces is surveyed and related to some very recent results and conjectures A final chapter considers various versions of multi dimensional Schwarzian derivative In sum here is a rapid route for graduate students and researchers to the frontiers of current research in this evergreen subject

Mathematics of Fuzzy Sets

Ulrich Höhle,S.E. Rodabaugh,2012-12-06 Mathematics of Fuzzy Sets Logic Topology and Measure Theory is a major attempt to provide much needed coherence for the mathematics of fuzzy sets Much of this book is new material required to standardize this mathematics making this volume a reference tool with broad appeal as well as a platform for future research Fourteen chapters are organized into three parts mathematical logic and foundations Chapters 1 2 general topology Chapters 3 10 and measure and probability theory Chapters 11 14 Chapter 1 deals with non classical logics and their syntactic and semantic foundations Chapter 2 details the lattice theoretic foundations of image and preimage powerset operators Chapters 3 and 4 lay down the axiomatic and categorical foundations of general topology using lattice valued mappings as a fundamental tool Chapter 3 focuses on the fixed basis case including a convergence theory demonstrating the utility of the underlying axioms Chapter 4 focuses on the more general variable basis case providing a categorical unification of locales fixed basis topological spaces and variable basis compactifications Chapter 5 relates lattice valued topologies to probabilistic topological spaces and fuzzy neighborhood spaces Chapter 6 investigates the important role of separation axioms in lattice valued topology from the perspective of space embedding and mapping extension problems while Chapter 7 examines separation axioms from the perspective of Stone Cech compactification and Stone representation theorems Chapters 8 and 9 introduce the most important concepts and properties of uniformities including the covering and entourage approaches and the basic theory of precompact or complete 0 1 valued uniform spaces Chapter 10 sets out the algebraic topological and uniform structures of the fundamentally important fuzzy real line and fuzzy unit interval Chapter 11 lays the foundations of generalized measure theory and representation by Markov kernels Chapter 12 develops the important theory of conditioning operators with applications to measure free conditioning Chapter 13 presents elements of pseudo analysis with applications to the Hamilton Jacobi equation and optimization problems Chapter 14 surveys briefly the fundamentals of fuzzy random variables which are 0 1 valued interpretations of random sets

Reclamation Era United States. Bureau of Reclamation,1947 *The Nationality and Statelessness of Nomadic Peoples Under International Law* Heather Jean Alexander,2025 Despite the universal right to nationality many nomadic peoples struggle to claim this fundamental status

International law offers solutions to combat statelessness like birth registration but do they work for nomadic peoples The

Nationality and Statelessness of Nomadic Peoples Under International Law delves into the nationality challenges faced by four communities former Bedouin in Kuwait Tuareg in Mali Fulani in Côte d'Ivoire and Sama Dilaut Bajau Laut in Malaysia Drawing on diverse sources from across disciplines as well as original field research the book traces the roots of nomadic statelessness from colonization to the present Through a rigorous legal analysis the book evaluates how effectively international law addresses these underlying issues and safeguards the right to nationality for those whose lifestyles transcend borders and conventional nation state structures Finally the book proposes reforms to international law to better address the needs of nomadic peoples regarding nationality and citizenship

A Sustainable Future for the Mediterranean Guillaume Benoit,Aline Comeau,2012-08-21 Here's a work arriving just at the right moment and contributing new insights at precisely the time when public opinion remains sceptical of the not very promising future we are preparing for our children when governments balk at explaining to their electorates the vital but unpopular decisions that have to be taken and when civil society with few ways and means is finally becoming involved This remarkable work will help all actors to understand the inter linkages between economic activities and the environment in the Mediterranean Basin and take concerted effective action to build a positive sustainable future Mohamed Ennabli former Minister of the Environment and Land Use Panning Tunisia The Blue Plan has carried out a remarkable assessment of the serious environmental problems and insufficiently targeted cooperation in the Mediterranean and also of new financing systems to be implemented which would increase the capacities of local authorities and economic and social partners Georges Corm former Minister of Finance Lebanon The Mediterranean Basin and its surrounding countries is a microcosm of the environmental and sustainability challenges facing people across the world Depending on the development path it takes in the future the region can either become a positive model for the regional regulation of globalization or more ominously it might reinforce global instability This unique volume is the definitive authoritative assessment of the environment and development of the Mediterranean Basin and its 22 countries and territories spanning five decades from 30 years in the past to 20 years into the future Produced by the Blue Plan within the framework of UNEP Mediterranean Action Plan and backed by the EU and national governments it brings together the work of more than 100 researchers from dozens of national regional and local governments and research groups into the only comprehensive insight into sustainable development issues in the region Core coverage includes water energy transport cities rural and coastal areas as well as related issues such as climate change population growth geopolitical changes unemployment and poverty pollution economic and environmental policies regional cooperation and the Euro Mediterranean Partnership Information is clearly presented through hundreds of full colour maps graphs tables and a wealth of case studies This is a must have reference for all levels of government NGOs and libraries as well as practitioners academics and businesses involved in economics natural resource management land and maritime transport water energy infrastructure urban and rural development agriculture fishing and aquaculture tourism and coastal
