

# REFLECTIVE ESSAY

Public speaking has always been a daunting task for me. As an introverted person, I tend to shy away from large crowds and prefer to keep to myself. However, in my professional life, I have had to face my fear of public speaking and learn to communicate effectively with others. In this reflective essay, I will discuss my experience with public speaking, the challenges I faced, and the lessons I learned.

My first experience with public speaking was in college when I was asked to give a presentation in front of my class. I remember feeling nervous and anxious, worrying about forgetting my lines and making a fool of myself. However, as I practiced my presentation and received feedback from my classmates, I began to feel more confident in my ability to communicate effectively. This experience taught me the importance of preparation and practice in public speaking, and I realized that the more I practiced, the more comfortable I became.

As I entered the workforce, I was required to give presentations to colleagues, clients, and stakeholders. This was a challenging experience for me as I had to speak in front of people who held different levels of expertise and had different expectations. I found it difficult to strike a balance between presenting technical information and keeping my audience engaged.

However, I learned that the key to effective communication is to know your audience and tailor your message to their needs. By doing so, I was able to gain their trust and establish myself as a credible source of information.

Another challenge I faced was managing my nerves and anxiety during public speaking. I found that deep breathing exercises and visualization techniques helped me to calm my nerves and focus on the task at hand. I also learned to embrace my nervous energy and channel it into positive energy, which helped me to connect with my audience and convey my message with confidence.

In conclusion, my experience with public speaking has been a journey of self-discovery and growth. Through trial and error, I have learned that effective communication is a skill that can be honed through practice and preparation. I have also learned the importance of knowing your audience, managing nerves and anxiety, and embracing your unique style of communication. While public speaking may still be a challenge for me, I now feel more equipped to handle it and look forward to the opportunities it presents for personal and professional growth.

**Reflection on the Death of a Porcupine** D. H. Lawrence, 2019-02-20 This collection of essays by the author of *Lady Chatterley's Lover* presents his musings on literature, politics and philosophy in a newly restored text. Though D. H. Lawrence was one of the great writers of the twentieth century, his works were severely corrupted by the stringent house styling of printers and the intrusive editing of timid publishers. A team of scholars at Cambridge University Press has worked for more than thirty years to restore the definitive texts of D. H. Lawrence in *The Cambridge Editions*. Between 1915 and 1925, D. H. Lawrence wrote a series of philosophical essays covering topics ranging from politics to nature and from religion to education. Varying in tone from lighthearted humor to spiritual meditation, they all share the underlying themes of Lawrence's mature work. Be thyself. As far as possible, the editors of the Cambridge Editions series have restored these essays to their original form as Lawrence wrote them. A discussion of the history of each essay is provided, and several incomplete and unpublished essays are reproduced in an appendix.

**Reading Essays** G. Douglas Atkins, 2010-01-25 Approaches abound to help us beneficially enjoyably read fiction, poetry and drama. Here for the first time is a book that aims to do the same for the essay. G. Douglas Atkins performs sustained readings of more than twenty-five major essays, explaining how we can appreciate and understand what this currently resurgent literary form reveals about the art of living. Atkins's readings cover a wide spectrum of writers in the English language, and his readings are themselves essays, gracefully written, engaged and engaging. Atkins starts with the earliest British practitioners of the form, including Francis Bacon, John Dryden, Alexander Pope, and Samuel Johnson. Transcendentalist writers Henry David Thoreau and Ralph Waldo Emerson are included, as are works by Americans James Baldwin, Zora Neale Hurston, and E. B. White. Atkins also provides readings of a number of contemporary essayists, among them Annie Dillard, Scott Russell Sanders, and Cynthia Ozick. Many of the readings are of essays that Atkins has used successfully in the classroom with undergraduate and graduate students for many years. In his introduction, Atkins offers practical advice on the specific demands essays make and the unique opportunities they offer, especially for college courses. The book ends with a note on the writing of essays, furthering the author's contention that reading should not be separated from writing. *Reading Essays* continues in the tradition of such definitive texts as *Understanding Poetry* and *Understanding Fiction*. Throughout, Atkins reveals the joy, delight, grace, freedom, and wisdom of the glorious essay.

**Tracing the Essay** George Douglas Atkins, 2005 The essay as a notably hard form of writing to pin down has inspired some unflattering descriptions It is a greased pig for example or a pair of baggy pants into which nearly anything and everything can fit In Tracing the Essay G Douglas Atkins embraces the very qualities that have moved others to accord the essay second class citizenship in the world of letters Drawing from the work of Montaigne and Bacon and recent practitioners such as E B White and Cynthia Ozick Atkins shows what the essay means and how it comes to mean The essay related to assaying attempting mines experience for meaning which it then carefully weighs It is a via media creature says Atkins born of and embracing tension It exists in places between experience and meaning literature and philosophy self and other process and product form and formlessness Moreover as a literary form the essay is inseparable from a way of life requiring wisdom modesty and honesty The essay was historically notes Atkins the first form to take the experience of the individual and make it the stuff of literature Atkins also considers the essay s basis in Renaissance and Reformation thinking and its participation in voyages of exploration and discovery of that age Its concern is home cosmography to use a term from seventeenth century writer William Habington Responding to influential critiques of the essay s supposed self indulgence lack of irony and absence of form Atkins argues that the essay exhibits a certain sneakiness as it proceeds in through and by means of the small and the mundane toward the spiritual and the revelatory
