Matthews, 2013-03-25 This cutting edge Companion is a comprehensive resource for the study of the modern American novel Published at a time when literary modernism is being thoroughly reassessed it reflects current investigations into the origins and character of the movement as a whole Brings together 28 original essays from leading scholars Allows readers to orient individual works and authors in their principal cultural and social contexts Contributes to efforts to recover minority voices such as those of African American novelists and popular subgenres such as detective fiction Directs students to major relevant scholarship for further inquiry Suggests the many ways that modern American and fiction carry new meanings in the twenty first century **Cities of Others** Xiaojing Zhou, 2014-12-01 Asian American literature abounds with complex depictions of American cities as spaces that reinforce racial segregation and prevent interactions across boundaries of race culture class and gender However in *Cities of Others* Xiaojing Zhou uncovers a much different narrative providing the most comprehensive examination to date of how Asian American writers both celebrated and overlooked depict urban settings

Zhou goes beyond examining popular portrayals of Chinatowns by paying equal attention to life in other parts of the city Her innovative and wide ranging approach sheds new light on the works of Chinese Filipino Indian Japanese Korean and Vietnamese American writers who bear witness to a variety of urban experiences and reimagine the American city as other than a segregated nation space Drawing on critical theories on space from urban geography ecocriticism and postcolonial studies Zhou shows how spatial organization shapes identity in the works of Sui Sin Far Bienvenido Santos Meena Alexander Frank Chin Chang rae Lee Karen Tei Yamashita and others She also shows how the everyday practices of Asian American communities challenge racial segregation reshape urban spaces and redefine the identity of the American city From a reimagining of the nineteenth century flaneur figure in an Asian American context to providing a framework that allows readers to see ethnic enclaves and American cities as mutually constitutive and transformative Zhou gives us a provocative new way to understand some of the most important works of Asian American literature Economic Citizens Christine So,2009-08-15 Economic Citizens argues that Asians have been traditionally imagined as the threat of capitalism gone awry and demonstrates that the logic of economic exchange has been an overlooked but critical means for Asian Americans to negotiate political and cultural equivalence **Chinese American Transnationalism** Sucheng Chan,2006 Chinese American Transnationalism considers the many ways in which Chinese living in the United States during the exclusion era maintained ties with China through a constant interchange of people and economic resources as well as political and cultural ideas This book continues the exploration of the exclusion era begun in two previous volumes Entry Denied which examines the strategies that Chinese Americans used to protest undermine and circumvent the exclusion laws and Claiming America which traces the development of Chinese American ethnic identities Taken together the three volumes underscore the complexities of the Chinese immigrant experience and the ways in which its contexts changed over the sixty one year period
