Wright, Thomas W. Zeiler, 2014-06-30 Guide to U S Economic Policy shows students and researchers how issues and actions are translated into public policies for resolving economic problems like the Great Recession or managing economic conflict like the left right ideological split over the role of government regulation in markets Taking an interdisciplinary approach the guide highlights decision making cycles requiring the cooperation of government business and an informed citizenry to achieve a comprehensive approach to a successful growth oriented economic policy Through 30 topical operational and relational essays the book addresses the development of U S economic policies from the colonial period to today the federal agencies and public and private organizations that influence and administer economic policies the challenges of balancing economic development with environmental and social goals and the role of the U S in international organizations such as the IMF and WTO Key Features 30 essays by experts in the field investigate the fundamental economic political social and process initiatives that drive policy decisions affecting the nation s economic stability and success Essential themes traced throughout the chapters include scarcity wealth creation theories of economic growth and macroeconomic management controlling inflation and unemployment poverty the role of government agencies and regulations to police markets Congress vs the president investment policies economic indicators the balance of trade and the immediate and long term costs associated with economic policy alternatives A glossary of key economic terms and events a summary of bureaus and agencies charged with economic policy decisions a master bibliography and a thorough index appear at the back of the book This must have reference for students and researchers is suitable for academic public high school government and professional libraries      *Federal Register* ,2012-03      *Catalog of Federal Domestic Assistance* ,1969 Identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs      **Debtfare States and the Poverty Industry** Susanne Soederberg, 2014-09-19 WINNER of the BISA IPEG Book Prize 2015 <http://www.bisa.ipeg.org/ipeg-book-prize-2015> winner announced Under the rubric of financial inclusion lending to the poor in both the global North and global South has become a highly lucrative and rapidly expanding industry since the 1990s A key inquiry of this book is what is the financial in which the poor are asked to join Instead of embracing the mainstream position that financial inclusion is a natural inevitable and mutually beneficial arrangement Debtfare States and the Poverty Industry suggests that the structural violence inherent to neoliberalism and credit led accumulation have created and normalized a reality in which the working poor can no longer afford to live without expensive credit The book further transcends economic treatments of credit and debt by revealing how the poverty industry is extricably linked to the social power of money the paradoxes in credit led accumulation and

debt-farism The latter refers to rhetorical and regulatory forms of governance that mediate and facilitate the expansion of the poverty industry and the reliance of the poor on credit to augment replace their wages Through a historically grounded analysis the author examines various dimensions of the poverty industry ranging from the credit card payday loan and student loan industries in the United States to micro lending and low income housing finance industries in Mexico Providing a much needed theorization of the politics of debt Debt-fare States and the Poverty Industry has wider implications of the increasing dependence of the poor on consumer credit across the globe this book will be of very strong interest to students and scholars of Global Political Economy Finance Development Studies Geography Law History and Sociology The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9781315761954> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license <https://www.youtube.com/watch?v=2IU6PHjyOzU>
