are encouraged into subservient roles so that taking the lead can feel strange and unnatural even unfeminine and not nice We are discouraged from aggressively grabbing what we want and instead encouraged to sacrifice and nurture We are taught to be prizes not competitors Surely there has to be more to life than that Many men the ones who value assertiveness and even a little cruelty in their female lovers would agree Men are ready to be dominated owned and used by the strictest most sensual and cruelest women The subservient slaves get put in their places and then punished in a variety of naughty ways until they understand their place This book is a rich resource of ideas for the woman who wants to embark upon FemDom journey with her man and is hungry for new kinky territory to conquer and in this guide you ll learn practical steps towards becoming a professional dominatrix Much of what is depicted about BDSM and the lifestyle is wrong Our opinions on this lifestyle and art form are often times shaped by other people who have heard something about it and perhaps embellished it to the point of perpetuating myths The truth is that BDSM is not degrading towards women One of the most common misconceptions surrounding a woman taking a dominant role is the assumption that she needs to be a display cruel behavior towards others for the sake of her own gain or pleasure and without consideration for their safety or well being it s not surprising that any woman would feel reluctant to adopt this role in her relationship Taking the lead in bed doesn t mean being a sadist or demeaning your partner It doesn't mean you have to change who you are You're simply connecting with a powerful side of yourself that was always there and sharing it with a person who wants to make you happy It s about closeness and connection not cruelty FemDoms are to lead and not follow be confident and be yourself say what you mean and be attractive A Warning for the Man Men in Her Life this book will teach your partner how to be more dominant controlling learn how to train you learn how to punish you and hold you accountable for your actions if you buy this book for her you might get more than you asked for You may want to guietly set it aside and buy her a set of fuzzy handcuffs instead Female Led Relationship Guide Conner Hayden, 2020-01-07 The 1 thing men secretly desire of You have been warned women yet typically won t admit it Are you the one who likes to be in control especially when it comes to making decisions for you and your partner Do you and your significant other naturally fall into the dominant female and submissive male roles in your relationship yet do not feel as if you utilize this couple dynamic to its fullest potential Have you heard of or seen your friends in a female led relationship the idea peaking your interest but do not know how to implement this lifestyle into your own daily routine Through years on end men have always been the dominant one in relationships telling the woman what to do taking care of finances and typically taking the lead in the bedroom Because women are quickly becoming more and more aware of the influence they can have on the world and thus breaking out of their shells female led relationships are becoming increasingly popular in today s modern times and for a good reason According to Her Way having the woman be the dominant partner in a relationship has many benefits some of which include A better sex life Improved communication Less pressure on the man to make sure his wife or girlfriend is happy Increased satisfaction in the relationship A relationship
