Getting To Maybe :

Getting to Maybe Frances Westley, Brenda Zimmerman, Michael Patton, 2007-08-07 A practical inspirational revolutionary guide to social innovation Many of us have a deep desire to make the world around us a better place But often our good intentions are undermined by the fear that we are so insignificant in the big scheme of things that nothing we can do will actually help feed the world's hungry fix the damage of a Hurricane Katrina or even get a healthy lunch program up and running in the local school We tend to think that great social change is the province of heroes an intimidating view of reality that keeps ordinary people on the couch But extraordinary leaders such as Gandhi and even unlikely social activists such as Bob Geldof most often see themselves as harnessing the forces around them rather than singlehandedly setting those forces in motion The trick in any great social project from the global fight against AIDS to working to eradicate poverty in a single Canadian city is to stop looking at the discrete elements and start trying to understand the complex relationships between them By studying fascinating real life examples of social change through this systems and relationships lens the authors of *Getting to Maybe* tease out the rules of engagement between volunteers leaders organizations and circumstance between individuals and what Shakespeare called the tide in the affairs of men *Getting to Maybe* applies the insights of complexity theory and harvests the experiences of a wide range of people and organizations including the ministers behind the Boston Miracle and its aftermath the Grameen Bank in which one man's dream of micro credit sparked a financial revolution for the world's poor the efforts of a Canadian clothing designer to help transform the lives of Indigenous women and children and many more to lay out a brand new way of thinking about making change in communities in business and in the world

Getting to Maybe Richard Michael Fischl, Jeremy R. Paul, 1999-05-01 Professors Fischl and Paul explain law school exams in ways no one has before all with an eye toward improving the reader's performance The book begins by describing the difference between educational cultures that praise students for right answers and the law school culture that rewards nuanced analysis of ambiguous situations in which more than one approach may be correct Enormous care is devoted to explaining precisely how and why legal analysis frequently produces such perplexing situations But the authors don't stop with mere description Instead *Getting to Maybe* teaches how to excel on law school exams by showing the reader how legal analysis can be brought to bear on examination problems The book contains hints on studying and preparation that go well beyond conventional advice The authors also illustrate how to argue both sides of a legal issue without appearing wishy washy or indecisive Above all the book explains why exam questions may generate feelings of uncertainty or doubt about correct legal outcomes and how the student can turn these feelings to his or her advantage In sum although the authors believe that no exam guide can substitute for a firm grasp of substantive material readers who devote the necessary time to learning the law will find this book an invaluable guide to translating learning into better exam performance This book should revolutionize the ordeal of studying for law school exams Its clear insightful fun to read and right on the money Duncan

Kennedy Carter Professor of General Jurisprudence Harvard Law School Finally a study aid that takes legal theory seriously Students who master these lessons will surely write better exams More importantly they will also learn to be better lawyers Steven L Winter Brooklyn Law School If you can't spot a fork in the law or a fork in the facts in an exam hypothetical get this book If you don't know how to play Czar of the Universe on law school exams or why get this book And if you do want to learn how to think like a lawyer a good one get this book It's quite simply stone cold brilliant Pierre Schlag University of Colorado School of Law Law Preview Book Review on The Princeton Review website Attend a Getting to Maybe seminar Click here for more information

Threshold Dwellers in the Age of Global Pandemic Eleazar S. Fernandez, 2022-05-19 So many lives have been lost now and the death toll still continues to rise because of the COVID 19 pandemic The poor and the marginalized not surprisingly have been disproportionately affected The pandemic has exposed the fault lines not only in our healthcare but also in our political and economic system a system driven by the pursuit of the bottom line profits If we are not only to survive but also thrive as a global society the challenge of the coronavirus pandemic must lead us to explore ways of thinking being and dwelling that promote our shared flourishing It is time to take personal stock about ourselves who we are where we have been and where we are heading What can the pandemic teach us about ourselves What is it revealing about us and our situation How shall we dwell together Do we want to wake up to a new and better tomorrow after this nighttime of pandemic That will largely depend on the way we respond now Who are we becoming in this time of pandemic What daily practices are we doing as embodiments of the new world we are anticipating UN Peace Operations and International Policing

Charles T. Hunt, 2014-09-15 This book addresses the important question of how the United Nations UN should monitor and evaluate the impact of police in its peace operations UN peace operations are a vital component of international conflict management Since the end of the Cold War one of the foremost developments has been the rise of UN policing UNPOL Instances of UNPOL action have increased dramatically in number and have evolved from passive observation to participation in frontline law enforcement activities Attempts to ascertain the impact of UNPOL activities have proven inadequate This book seeks to redress this lacuna by investigating the ways in which the effects of peace operations and UNPOL in particular are monitored and evaluated Furthermore it aims to develop a framework tested through field research in Liberia for Monitoring and Evaluation M E that enables more effective impact assessment By enhancing the relationship between field level M E and organisational learning this research aims to make an important contribution to the pursuit of more professional and effective UN peace operations This book will be of much interest to students of peace operations conflict management policing security studies and IR in general **Complexity Thinking for Peacebuilding Practice and Evaluation**

Emery Brusset, Cedric de Coning, Bryn Hughes, 2016-07-28 This book covers the design evaluation and learning for international interventions aiming to promote peace More specifically it reconceptualises this space by critically analysing mainstream approaches presenting both conceptual and empirical content This volume offers a variety of original and insightful contributions to the debates grappling with the adoption of complexity thinking Insights from Complexity Thinking for Peacebuilding Practice and Evaluation addresses the core dilemma that practitioners have to confront how to

function in situations that are fast changing and complex when equipped with tools designed for neither How do we reconcile the tension between the use of linear causal logic and the dynamic political transitions that interventions are meant to assist Readers will be given a rare opportunity to superimpose the latest conceptual innovations with the latest case study applications and from a diverse spectrum of organisational vantage points This provides the myriad practitioners and consultants in this space with invaluable insights as to how to improve their trade craft while ensuring policy makers and the accompanying research academic industry have clearer guidance and innovative thinking This edited volume provides critically innovative offerings for the audiences that make up this broad area s practitioners researchers academics educators and consultants as well as policy makers

Breakthrough Community Change Paul Born, 2023-04-11 Discover a powerful methodology for bringing communities together to uncover hidden assets and transform deep rooted challenges Veteran community organizer Paul Born s work has contributed to lowering cancer rates in Maine improving mental health for young people in Florida and reducing poverty rates in Canada by 20 percent In this much needed new book he shares stories of how he was able to catalyze local communities and guide them to make significant progress on seemingly intractable community problems Born has found that the secret to success is to organize and unite around a common agenda This is not a list of topics like a meeting agenda nor a strategic plan He offers a process for bringing leaders from businesses human service organizations and governments together with people who have a lived experience of a specific community problem A common agenda is a statement of shared aspirations a map of the assets in the community and a road map for how to work together to make those aspirations a reality Part I of this book describes how to identify your community s readiness for change form leadership action and strategy teams create a common agenda and establish plans for community engagement Part II presents the approaches and skill sets needed to do the work described in part I Remarkably enormous systemic problems such as climate change poverty disease racism housing and many more issues can be best addressed at the local level Communities can develop solutions tailored to their unique circumstances and can collaborate at a magnitude that can result in a truly transformative impact This book shows how to make change happen

Leaving Lisa Michael McMullen, 2025-07-14 I didn t know why I was awake and out on the town Out on the town Come on I was in a diner two blocks from my home at 2 30 on a Sunday morning If that was my new night on the town I had sunk to a despairingly low degree of life vitality and social interaction Truth be told I was feeling disconnected from the real world of personal relationships and engagement with others especially meaningful others I had gone to bed but I felt restless so I got up got dressed and wandered down to GoHo s I didn t wander there aimlessly GoHo s diner is a happening place But it really revs up after eleven when people come there to people watch or to enjoy the late at night been drinking tummy is growling growl chow or just to engage in a battle of wits with the sardonic acid tongued head waitress One night Guy a business executive who s recently been blindsided by the abrupt departure of his rabidly ambitious wife is quietly savoring GoHo s meatloaf

special On an earlier sojourn to Goho s he witnessed the cusp of the break up of a glamorous power couple Lisa an emotionally damaged local media celebrity trying to reclaim her musical career and Mackin a former CFL All Star with a big secret Providing context and savagely funny commentary to Guy s observations is Mo the head waitress a single mother who s had to put her ambitions aside to care for the child she had as a teenage mother and the younger sister she rescued from their abusive background Wittily expressed from all four of their perspectives Leaving Lisa follows the over lapping stories of these four habitu s of GoHo s as they face major turning points in their lives each one leaving something behind to gain a new as yet murky future Their increasingly entwined journeys will open up wildly different horizons than those that confronted them at the beginning and none of them will ever be the same again With wickedly sharp dialogue sizzlingly sexy encounters deep emotional insight sharply defined characters and a beating heart underscoring it all Leaving Lisa explores dark emotional issues by way of a clever comedic touch

High School Hacks: A Student's Guide to Success in the IB and Beyond Brianna Smrke,2016-02-22 Brianna Smrke achieved the perfect score of 45 for her IB Diploma a feat achieved by less than one percent of IB students internationally In this remarkable first book Brianna tells students who they can maximize the return on their educational effort by cultivating three habits of mind focus resourcefulness and stacking approaching a task with an eye to what else it might be used for in addition to the stated purpose These strategies directly respond to the challenges of 21st Century education but are also crucial to future career success A mixture of anecdotes references to pedagogical and cognitive research and practical strategies are perfectly woven together to convey these ideas
