Government and Politics Thomas J. Baldino, Paula A. Duda Holoviak, 2024-03-12 This book provides a comprehensive examination of the Keystone State's formal and informal political institutions and players past and present and elucidates the place each holds in governing the commonwealth today. Covering a period of more than three hundred years, this volume presents a clear and succinct overview of the commonwealth's political history, culture, and geography, interactions between office holders, civil servants, special interest groups, and the media, policy development and implementation, how laws are created, enacted, and enforced, hierarchy and interaction among state, county, local, and special district government bodies, and officials, tax collection and disbursement, and the political upheaval in the wake of the COVID-19 pandemic and the 2020 presidential election. Featuring practical appendixes and interviews with current and past office holders, bureaucrats, party leaders, and political journalists, this astute and informative book is an indispensable tool for understanding politics in the Keystone State.

**Learning to Teach in the Secondary School** Susan Capel, Marilyn Leask, Sarah Younie, 2019-04-11 For all undergraduate, postgraduate, and school-based routes to qualified teacher status, *Learning to Teach in the Secondary School* is an essential introduction to the key skills and knowledge needed to become a secondary teacher. Underpinned by evidence-informed practice and focussing on what you need to know to thrive in the classroom, the eighth edition is fully updated in light of changes in the field, covers new topics, and provides additional guidance on topics such as developing your resilience, using digital technologies, closing the achievement gap, and using data to inform your teaching and pupil learning. The text includes a wealth of examples and tasks to demonstrate how to successfully apply theory to practice and how to critically reflect on and analyse your practice to maximise pupil learning. The wide range of pedagogical features supports both school and university-based work up to Masters level. Written by experts in the field, the 37 concise units create unit-by-unit coverage that can be dipped into, offering guidance on all aspects of learning to teach, including: Managing your workload, Lesson planning, Curriculum, Motivating pupils, Promoting behaviour for learning, Assessment, marking and feedback, Special educational needs and disabilities, SEND, Applying for jobs, developing as a professional, and networking. *Learning to Teach in the Secondary School* provides practical help and guidance for many of the situations and potential challenges you are faced with in school. The text is extended by a companion website that includes additional information as well as specific units covering England, Northern Ireland, Scotland, and Wales. Supported by the subject-specific titles in the *Learning to Teach Subjects in the Secondary School Series*, it is an essential purchase for every aspiring secondary school teacher.
