Abdallah, 2016-04-30 This book focuses on how

multinational companies can plan and manage their international business in the Gulf countries Important issues of accounting auditing finance taxation marketing and managerial issues are covered in each of the selected Gulf countries

Corporate Governance and IFRS in the Middle East Muath Abdelqader, Tamer K. Darwish, Khalil Nimer, 2022-12-14 The rapid globalization of capital markets has increased attention toward examining the quality of the disclosure practices implemented by companies as internationalization and globalization are the most important motives of the harmonization of financial statements preparation and presentation Given the expansion of trade and the openness to foreign capital markets investment decisions became not limited only for local users but also international users may need to access the financial information The issuance of International Financial Reporting Standards IFRS to be used throughout the world aims to improve the comparability and understandability of financial statements and hence to enhance investment decisions through helping investors across the borders to invest in multinational companies Although fluid and under developed institutional arrangements remain central features of emerging markets ensuring effective corporate governance mechanisms would indeed support companies in complying with IFRS the latter imposes a challenge for companies operating in emerging markets This book evaluates the differences in the level of compliance with IFRS across the GCC states exploring the impact of corporate governance on the level of compliance with IFRS and presenting an empirical analysis of companies across the GCC It makes an important contribution by providing a detailed empirical analysis of the interplay between corporate governance and IFRS in emerging market setting and highlights the way for future research It will provide international business management and accounting and finance students and senior practitioners with a completely new and updated guide to the work in the field of corporate governance and IFRS compliance in emerging markets *International Journal of Finance and Policy Analysis* , **Organizational Change and Global Standardization** David M. Boje, 2015-05-15

Organizational Change and Global Standardization Solutions to Standards and Norms Overwhelming Organizations takes an organizational change approach to the overflow of standards and norms looking at how to deal effectively and ethically with four kinds of standards and norms businesses face when they go global 1 accounting finance 2 international world trade 3 social and 4 safety quality environment It is part of a larger problem faced by not only business but every sort of organization how to live with the epidemic of standards and norms often in conflict many just unnecessary and a few that are quite helpful and important There are good reasons to have International Standards Organization ISO International Labor Organization ILO World Trade Organization WTO North Atlantic Treaty Association NAFTA International accounting Standards Boards IASB International Financial Reporting Standards IFRS and many more standard setting organizations issuing auditing proposing codes of ethics and certifying standards and norms However there are important poorly understood organizational change consequences to the contagion of standards and norms This volume brings together a unique group of authors who are working on a pragmatic way for organizations to deal with an overflow of standards and norms that are often at heads

ambiguous or simply created to produce more work for a burgeoning standards setting industry The aim of Organizational Change and Global Standardization is to stimulate a critical analysis within the framework of analytical and pragmatic approach to an overwhelming bureaucratization of the managed and organized global activities
