British Columbia Government Publications ,1996 **Monthly Catalogue, United States Public Documents** ,1985 **Emergency Department Leadership and Management** Stephanie Kayden,Philip D. Anderson,Robert

Freitas,Elke Platz,2015 Written for a global audience by an international team the book provides practical case based emergency department leadership skills **Cumulated Index Medicus** ,2000 Pediatric Sedation Outside of the Operating Room Keira P. Mason,2014-10-11 This is a major revision updating and expansion of the leading single source volume on pediatric sedation outside of the operating room Edited and written by an international roster of outstanding experts it is the only book aimed at the broad range of specialists who deliver pediatric sedation in the non OR setting The Second Edition features a significant expansion of contributions from international leaders and individual new chapters on pre sedation assessment sedatives short and long term effects on neurocognition non pharmacologic distractions Michael Jackson s death and medical ethics the role of simulation in safety and training and palliative sedation in terminally ill children The specialty specific chapters continue to be geared toward all sedation providers regardless of where they practice and patient safety is again emphasized Fundamental chapters provide in depth reviews of topics which include among others physiology and pharmacology The book presents the latest guidelines across the specialties both in the United States and abroad and noteworthy ongoing research endeavors From reviews of the First Edition This meritorious volume is a splendid collection of materials from highly experienced authors I will make extensive use of this reference as the academic medical center in which I work continues to build sedation practices and assess credentialing privileging aspects for professionals of all fields Joseph R Tobin MD in Journal of the American Medical Association Brings together sedation practice from a broad range of specialties into one well written pediatric text I will certainly be using this book as a reference text in the future Pediatric Anesthesia The first text directed at all specialists that treat children who require some sedation also recognizes the contributions to pediatric sedation of many international societies and governmental organizations It should be on the shelves of all office based practices Journal of Neurosurgical Anesthesiology With the ever increasing opportunities to perform various investigations and therapeutic procedures combined with increasing demands and expectations from children and their parents the need and demand for safe and effective sedation of paediatric patients outside the operating room is increasing Against this background the second edition of Pediatric Sedation Outside the Operating Room is a very timely addition to the anaesthesia literature British Journal of Anesthesia **Core Topics in General & Emergency Surgery E-Book** Simon Paterson-Brown,2013-06-24 Core Topics in General Emergency Surgery meets the needs of surgeons in higher training and practising consultants for a contemporary and evidence based account of this sub specialty that is relevant to their general surgical practice It is a practical reference source incorporating the most

current information on recent developments management issues and operative procedures The text is thoroughly referenced and supported by evidence based recommendations wherever possible distinguishing between strong evidence to support a conclusion and evidence suggesting that a recommendation can be reached on the balance of probabilities This is a title in the Companion to Specialist Surgical Practice series whose eight volumes are an established and highly regarded source of information for the specialist general surgeon The Companion to Specialist Surgical Practice series provides a current and concise summary of the key topics within each major surgical sub specialty Each volume highlights evidence based practice both in the text and within the extensive list of references at the end of every chapter An expanded authorship team across the series includes additional European and World experts with an increased emphasis on global practice The contents of the series have been extensively revised in line with recently published evidence The volume contains a new chapter on the complications of bariatric surgery This updated text will appeal to all General Surgeons who wish to keep up to date in both elective and emergency conditions while providing the relevant information for the Specialist Surgeon who is still required to look after undifferentiated emergencies and carry out routine elective general surgical procedures
