

Quand il vit les pêcheurs
Faire leurs premiers péchés,
Dieu se mit en colère
et appela Noé :
mon bon vieux Noé,
je vais noyer la terre,
construis-moi un grand bateau
pour flotter sur l'eau.

Music at the Maison royale de Saint-Louis at Saint-Cyr Deborah Kauffman, 2018-07-24 The history of music at the Maison royale de Saint Louis at Saint Cyr the famous convent school founded by Madame de Maintenon and established by Louis XIV in 1686 as a royal foundation is both rich and intriguing its large repertory of music was composed expressly for young female voices by important composers working within significant contemporary musical genres liturgical chant sacred motets theatrical music and cantiques spirituels While these genres reflect contemporary styles and trends at the same time the works themselves were made to conform to the sensibilities and abilities of their intended performers Even as Jean Baptiste Moreau s music for Jean Racine s biblical tragedies Esther and Athalie shows a number of similarities to contemporary trag dies lyriques it departs from that more public genre in its brevity generally simpler solo writing and the integral use of the chorus The musical style of the choral numbers closely parallels that of other choral music in the repertory at Saint Cyr The liturgical chant sung in the church was composed by Guillaume Gabriel Nivers and is an example of plain chant musical a type of new ecclesiastical composition written during the seventeenth and eighteenth centuries primarily for female religious communities in France The large repertory of petits motets short sacred Latin pieces for solo voice mostly composed by Nivers and Louis Nicolas Cl rambault are simpler and more restrained than works by their contemporaries A close study of the motets reveals much about changes to musical style and performance practices at Saint Cyr during the eighteenth century The cantique spirituel a song with a spiritual text in the vernacular French language played a significant role in both the education and recreation of the girls at Saint Cyr Cantiques composed for the girls vary widely in terms of their style and difficulty ranging from simple strophic melodies to more sophisticated works in the style of contemporary airs In all cases the stylistic features of the music for Saint Cyr reflect a careful consideration of the needs and capabilities of the young singers of the school as well as an awareness of the rigorous requirements of Madame de Maintenon who kept a close watch over the propriety of all things relating to the piety behavior and image of her charges Voyage to Vendée Robert Marteau, 1987 *Le chant de l'arabesque* Stéphanie Orace, 2005 Deux constats appliqu s l oeuvre de Claude Simon sont au fondement de cette tude En premier lieu il convient de donner toute sa force la conception simonienne de l criture comme fabrication en second lieu de mesurer l ampleur des chos tiss s de livre en livre et qui rigent lentement le portrait d une m moire Embrassant l ensemble des romans simoniens nous nous proposons d analyser les enjeux de ces retours aux manifestations prot iformes Intimement li e la po tique romanesque la r p titon ne l est pas moins de l imaginaire jamais reprise stricte l identique elle implique diff rence et variation Se donnent alors voir nombre de tensions constitutives qui travaillent l ensemble scriptural de la phrase l oeuvre enti re D s lors si la syntaxe tout autant que la structure tendent la
