Le Nouvel Ordre Digital Collectif, 2015-04-20 Des réseaux sociaux à l'internet des objets de l'informatique mobile au big data les technologies digitales modifient progressivement notre environnement d'affaires Pour les champions du digital l'aspect technologique est un élément important mais c'est le leadership qui constitue le principe déterminant C'est précisément l'angle d'analyse choisi pour ce livre numérique Le Nouvel Ordre Digital Alors que les robots anticipent nos désirs et régiront peut-être les articles de demain nous avons choisi de rassembler 15 cerveaux et 30 mains pour bâtir ce projet qui cible l'humain dans cet univers digital Pour ce faire différents experts aguerris des mondes académiques et des affaires apportent chacun leur pierre la réflexion géographique ils se répartissent entre Allemagne Belgique France Grand Duché de Luxembourg Maroc Pays Bas et Tunisie et ont accepté de publier en français Le Nouvel Ordre Digital est un travail d'intelligence collaborative mené en partenariat avec le Cabinet Roland Berger Les nouveaux métiers liés au digital et aux NTIC parce qu'intangibles doivent un moment donné se concrétiser sous forme visuelle Chaque chapitre est illustré via facilitation graphique ou design d'animation vidéo Disponible aux formats epub et iBook auteur ce livre est facilement téléchargeable sur toutes les plateformes connues et lisible sur tous les formats de tablettes Notre objectif tant de fédérer une communauté francophone autour de ce noyau dur nous espérons toucher un maximum de personnes en suscitant les interactions via notre blog Le Nouvel Ordre Digital permettra d'autres approches de production de contenu de coexister avec les robots

Digital Media Worlds Giuditta De Prato, Jean Paul Simon, 2014-05-13 Digital Media Worlds tracks the evolution of the media sector on its way toward a digital world It focuses on core economic and management issues cost structures value network chain business models in industries such as book publishing broadcasting film music newspaper and video game

The Digital Double Bind Mohamed Zayani, Joe F. Khalil, 2024 The Middle East's digital turn has renewed hopes of socio-economic development and political change across the region but it is also marked by stark contradictions and historical tensions In this book Mohamed Zayani and Joe F Khalil contend that the region is caught in a digital double bind in which the same conditions that drive the state market and public immersion in the digital also inhibit change and perpetuate stasis The Digital Double Bind offers a path breaking analysis of how the Middle East negotiates its relation to the digital and provides a roadmap for a critical engagement with technology and change in the Global South

Networked Publics and Digital Contention Mohamed Zayani, 2015-08-03 This book brings into focus the relationship between Internet development youth activism cyber resistance and political participation Taking Tunisia as a case study it examines the digital culture of contention that developed in an authoritarian context providing a unique perspective on how networked Arab publics negotiate agency reconfigure political action and reimagine citizenship

An Alliance at Risk Laurent Cohen-Tanugi, 2003 In the immediate aftermath of the events of September 11 people around the world and Europeans in particular came together in unprecedented demonstrations of compassion for and solidarity with the people of the United States Since then however

relations between Europe and America have become perilously contentious The new unilateral and pre-emptive tone of US foreign policy wedded to old fears of American hegemony and an irreducible strain of anti-Americanism have alienated and angered Europeans even as Europe's refusal to endorse key American policies has drawn charges of ingratitude and irrelevance dates back to the end of the Cold War and poses profound dangers for the intertwined futures of America Europe and the world In this book he argues that although the ties that have united Europe and America for decades remain stronger than the propagandists of a transatlantic schism would have us believe deepening transatlantic differences foster an increasing mistrust that prevents constructive dialogue and action perspective and tracing the evolution and progressive alteration of European American relations from the post-war period to the Iraqi crisis Stressing the need for strong transatlantic solidarity in the new global environment Cohen Tanugi sets forth the case and prerequisites for such co-operation calling on Europe to assume fully its responsibilities on the world stage and on America to address the contradictions and inadequacies of its foreign policy and become more attentive to the international community its sensitivities and rules Envisioning what this renewed partnership might look like in the future he concludes that in a world plagued by profound disorder and rabid anti-Westernism the distance between the United States and the European Union must be bridged to propagate the democratic values they share confront global challenges and ensure the stability of the world

Science, Technology and Innovation Policies for Inclusive Growth in Africa Nazar Mohamed Hassan, Achim Gutowski, Samia Satti Osman Mohamed Nour, Tobias Knedlik, Chantal Marie Ngo Tong, Karl Wohlmuth, Reuben A. Alabi, 2020 The volume analyses major strategic and policy issues How to make Science Technology and Innovation STI Policies relevant for inclusive growth strategies in Africa so that socio-economic transformation strategies will take off The first part discusses the issues of human skills development as part of STI policies based on visions strategic plans and country cases for Cameroon Nigeria and Mauritania The second part looks at STI Policies for Economic Transformation focussing on country case studies for Egypt and Tunisia A third part presents book reviews and book notes

Digitalization of Society and Socio-political Issues 2 Éric George, 2020-01-08 Digitalization is a long socio-historic process in which all areas of society's activities are reconfigured In the first volume of Digitalization of Society and Socio-political Issues there is an examination of the transformations linked to the development of digital platforms and social media which affect cultural and communicational industries The book also analyzes the formation of Big Data their algorithmic processing and the societal changes which result from them social monitoring and control in particular Through diverse critical reflections it equally presents different ways that digital participates in relations of power and domination and contributes to eventual emancipatory practices Following on the second volume examines the transformations that are linked to digital practices that affect the production circulation and consumption of information as well as new forms that are taken by social mobilizations It treats several important issues in the digital era that are more likely to become the subject of public debates among which

one can include the renewed relationship between research and digital Through diverse critical reflections it equally presents different ways that digital participates in relations of power and domination and contributes to eventual emancipatory practices , *Power-Sharing in the Global South* Eduardo Wassim Aboultaif, Soeren Keil, Allison McCulloch, 2024-02-22 Power sharing serves as a popular conflict resolution device at war s end Yet the performance record of such arrangements is highly variable sometimes leading to peace and stability and at other times to immobilism and institutional collapse This book explores the adoption function and dissolution of power sharing arrangements across the Global South including case studies of Colombia Ethiopia Malaysia and Iraq and others to make sense of this mixed record Authors identify a range of contextual factors as well as significant variations in the institutional rules and their meaning across the cases that help to explain divergent power sharing outcomes Emphasis throughout the chapters is placed on system adaptability for power sharing success *Digitalization of Society and Socio-political Issues 1* Éric George, 2020-02-26 Digitalization is a long and constant sociohistoric process in which all areas of societys activities are reconfigured Digitalization of Society and Socio political Issues 1 examines the transformations linked to the development of digital platforms and social media which affect the cultural and communicational industries It analyzes the formation of Big Data their algorithmic processing and the societal changes which result social monitoring and control in particular Through critical views it equally presents the various ways in which technology participates in relations of power and domination and contributes to possible emancipatory practices
