considered an exotic garment of traditional Japan the kimono is in fact a vibrant part of Japanese modernity playing an integral role in literature and film throughout the twentieth century Reading the Kimono in Twentieth Century Japanese Literature and Film is the first extended study to offer new ways of interpreting textual and visual narratives through kimono language what these garments communicate within their literary historical and cultural contexts Kimonos on the page and screen do much more than create verisimilitude or function as one dimensional symbols They go beyond simply indicating the wearer s age gender class and taste as eloquent heterogeneous objects they speak of wartime and postwar histories and shed light on everything from gender politics to censorship By reclaiming kimono language once a powerful shared vernacular Michiko Suzuki accesses inner lives of characters hidden plot points intertextual meanings resistant messages and social commentary Reading the Kimono examines modern Japanese literary works and their cinematic adaptations including Tanizaki Jun ichir s canonical novel The Makioka Sisters and its film versions one screened under the US Occupation and another directed by Ichikawa Kon in 1983 It also investigates K da Aya s Kimono and Flowing as well as Naruse Mikio s 1956 film adaptation of the latter Reading the Kimono additionally advances the study of women writers by discussing texts by Tsuboi Sakae and Miyao Tomiko authors often overlooked in scholarship despite their award winning bestselling stature Through her analysis of stories and their afterlives Suzuki offers a fresh view of the kimono as complex material to be read She asks broader questions about the act of interpretation what it means to explore both texts and textiles as inherently dynamic objects shaped by context and considered differently over time Reading the Kimono is at once an engaging history of the modern kimono and its representation and a significant study of twentieth century Japanese literature and film

*Consumer Behaviour and Economic Growth in the Modern Economy (RLE Consumer Behaviour)* Henri Baudet, Henk van der Meulen, 2014-12-05 These essays show that industrialisation and fast economic growth have changed not only the broad material environment but have also had a very important impact on basic food consumption The introductory chapter takes a theoretical view and tries to establish the interrelationship between economic forces and social habits The other contributors analyse how the experience of Europe Japan and North America fit this general explanation and they demonstrate how cultural and regional differences have shaped the development of consumer behaviour and patterns of consumption over the last two centuries , **Home Life in Tokyo** Jukichi Inouye, 1910 **Theatricality of the Closet** Michelle Liu

Carriger, 2023-09-15 A richly illustrated exploration of fashion and its capacity for generating controversy and constructing social and individual identities Clothing matters This basic axiom is both common sense and in another way radical It is from this starting point that Michelle Liu Carriger elucidates the interconnected ways in which gender sexuality class and race are created by the everyday act of getting dressed Theatricality of the Closet Fashion Performance and Subjectivity between Victorian Britain and Meiji Japan examines fashion and clothing controversies of the nineteenth century drawing on performance theory to reveal how the apparently superficial or frivolous deeply affects the creation of identity By

interrogating a set of seemingly disparate examples from the same period but widely distant settings Victorian Britain and Meiji era Japan Carriger disentangles how small local ordinary practices became enmeshed in a global fabric of cultural and material surfaces following the opening of trade between these nations in 1850 This richly illustrated book presents an array of media from conservative newspapers and tabloids to ukiyo e and early photography that locate dress as a site where the individual and the social are interwoven whether in the 1860s and 1870s or the twenty first century
