Door Language Series Zenos Edmund Scott, Randolph Thatcher Congdon, Harriet E. Peet, Laura Frazee, 1927 Public Art Cher Krause Knight, 2011-09-23 This book takes a bold look at public art and its populist appeal offering a more inclusive guide to America's creative tastes and shared culture. It examines the history of American public art from FDR's New Deal to Christo's The Gates and challenges preconceived notions of public art, expanding its definition to include a broader scope of works and concepts. Expands the definition of public art to include sites such as Boston's Big Dig, Las Vegas Treasure Island, and Disney World. Offers a refreshing alternative to the traditional rhetoric and criticism surrounding public art. Includes insightful analysis of the museum and its role in relation to public art.

The Entremés for Performance Kerry Wilks, Ian M. Borden, 2024-02-29 This bilingual anthology brings together a collection of Spanish entremeses, the comic interludes that were performed between the acts of a comedia. Penned by authors such as Lope de Rueda, Cervantes, Calderón de la Barca, and Quiñones de Benavente, many of these plays appear here for the first time in English. Translated for performability, these plays create a panoramic view of one act plays from Spain's classical theater period. Presented with discussions of dramaturgical and performance possibilities and difficulties, including relevant historical, cultural, and social information for the plays, the collection opens with two precursors to the entremés, moves through the breadth of the entremés form, and concludes with works from the 18th century, including a sainete. There are also examples of transadaptation that show how these works can be interpreted through strong directorial concepts that relocate the plays in historical time and location. The selected titles raise challenges to social mores and expectations, surprise with their humor and delight with their stagecraft. Whether aimed at the classroom or the stage, the collection is valuable for research, pedagogy, and performance.

State of Subversion Virinder S. Kalra, Shalini Sharma, 2023-05-31 This volume looks at the interface between ideology, religion, and culture in Punjab in the 20th century, spanning from colonial to post-colonial times. Through a rereading of the history of Punjab and of Punjabi migrant networks, the world over, it interrogates the term radicalism and its relationship with terms such as militancy, terrorism, and extremism in the context of Punjab and elsewhere. During the period, it explores the relationship between left and religious radicalism, such as the Ghadar movement and the Akalis, and the continuing role of radical movements from British Punjab to the independent states of India and Pakistan. Expanding the dimensions of the study of Punjab and its historical impact in the South Asian region, this book will interest scholars and students of modern Indian history, politics, and sociology.
