

## BR 81

Read the passage and select the best answer.

Whew! Changes are occurring inside your skull! But do not panic—it's normal. Your brain is growing and changing into the adult form. Your body is the most advanced "machine" ever, capable of reasoning, laughing, solving problems, making art. The central nervous system (CNS) much like a control panel, makes it all happen. The CNS includes the brain and the spinal cord. The CNS controls your body's physical and mental activities. The CNS's most powerful player is the brain: your body's super-computer. Your 3-pound blob of gray matter controls your every thought and movement. Information gathered by your senses is passed to the spinal cord through a network of nerves and then is blasted up to the brain. Your brain continuously upgrades itself until you are in your early 20s.

1. Which pair of words from the paragraph is most similar in meaning?
- a. occur, happens
  - b. brain, upgrade
  - c. changing, blasted
  - d. machine, control panel

Read this sentence from the passage.

The CNS controls your body's physical and mental activities.

2. Which is the best restatement of this sentence?
- a. The CNS controls everything you do.
  - b. You can use your CNS to think and feel.
  - c. When you run and jump your CNS is working.
  - d. Your ability to think and move is controlled by your CNS.
