

Branches of Power

a game guide for teachers

Welcome to *Branches of Power*! This interactive online video game will give your students the chance to experience the roles of the three branches of government. Rather than simply learning each branch in isolation, students play each of the three branches and learn about how they interact. The goal is to move public policy issues from an idea to a fully formed and tested law.

Learning Objectives

- Describe how the Constitution limits the power of government through separation of powers and checks and balances
- Analyze the structure, functions, and processes of the legislative, executive, and judicial branches
- Illustrate the law making process at the local, state, and federal levels

Prerequisites

None—students will learn the material just by learning to play the game successfully. However, it may be helpful for students to have some knowledge of the names and basic functions of the three branches. The last page of this guide has pre- and post-game questions you can discuss with your class. We also suggest teaching the iCivics lesson “Separation of Power: What’s for Lunch?” the day before your class plays the game. You can find that and all of our lesson plans at www.iCivics.org/teachers.

HOW TO START THE GAME

Here’s what happens when you start playing *Branches of Power*:

1. Choose your characters

Select which character will represent you for each of the three branches. (Yes—they should look familiar!)

2. Choose your values

Select which two values are most important to you. These values will represent what your Legislator avatar will care about when crafting a bill.

3. Choose your issues

Select three issues that your president avatar will address during his/her “State of the Union”. These issues become the themes for the initial “issue towers.”

TIP: Choose “Play Tutorial” if you feel that you need more guidance while playing the game.

TIP: *Branches of Power* takes between 30–40 minutes to play. Once the official game ends after 30 minutes, you have the option to continue playing for fun (i.e. no score).

TIP: You can print out a detailed score report when finished that can be used for grading purposes.
