Le Mariage Du Roisoleil:

Le Mariage du Roi-Soleil Claude Dulong, 2015-11-01 Le mariage de Louis XIV ce fut d'abord la paix rendue l'Europe après des guerres atroces et interminables et c'est ainsi que le ressentirent les contemporains Mais la cérémonie du 9 juin 1660 Saint Jean de Luz marquait aussi le début du règne personnel du Roi Soleil le plus long de notre histoire et elle prôlait une redevance française la fois politique et culturelle Claude Dulong s'attache en historienne à gager la signification profonde de l'événement mais c'est avec une vivacité romanesque qu'elle nous en révèle les dessous et les ripailles Elle n'oublie jamais que les acteurs et victimes de l'Histoire sont des êtres de chair et de sang et que dans le cas présent le facteur humain fut capital Sans la volonté de paix de la reine mère Anne d'Autriche sans l'habileté de Mazarin rien n'aurait été possible Car Louis XIV lui-même vingt et un ans amoureux de la belle Marie Mancini hésitait encore devant son destin et il s'en fallut de peu que son cœur ne l'emportât sur la raison Ce n'est pas le moins mouvant du livre que ce portrait sensible inattendu d'un monarque en formation avant que la gloire et l'étiquette n'en fissent un symbole celui de l'absolutisme Claude Dulong chartiste spécialisée dans l'histoire du XVIIe siècle Elle a fait paraître quatre ouvrages sur cette période dont deux ont été couronnés par le Grand Prix Gobert de l'Académie française Anne d'Autriche et L'Amour au XVIIe siècle *Louis XIV* Lucien Bély, 2005

La femme du roi soleil Jacqueline Duchêne, 2005-02-09 Une nouvelle fois Jacqueline Duchêne s'attache nous faire découvrir les faces méconnues des grandes héroïnes ou femmes de cour du XVIIe siècle Accepter d'être la pouse du plus brillant du plus conquérant et du plus séducteur des rois de France c'est être voué à tomber dans les oubliettes de l'histoire et de la littérature Et pourtant Infante d'Espagne fille de Philippe IV et nièce de sa future belle mère Anne d'Autriche Marie Thérèse fut auprès du Roi Soleil une pouse présente et très vivante Follement amoureuse de son poux elle réussira lui faire oublier la Mancini acceptera les foudres pour la La Vallière avant qu'elle ne se retire chez les Carmélites partagera l'amour du monarque avec la Montespan mais en restant sans conteste la première dame de la cour la femme légitime la mère des dauphins De l'affaire des Filles de la reine celles de La lettre espagnole des intrigues de Fontainebleau aux déshirements de la guerre d'Espagne elle survivra aux complots de la cour et des maîtresses rivales pour rester dans le cœur du roi une femme qui inspire le respect et le désir C'est ce destin riche de passions que Jacqueline Duchêne fait vivre dans ce roman grâce mille descriptions et anecdotes tirées de la réalité tout en vous éclairant sur le rôle des femmes mère pouse ou maîtresse en cette apogée du grand siècle

Scenes from the Marriage of Louis XIV Abby E. Zanger, 1997 This book radically revises our understanding of the construction of symbolic power in the age of absolutism by examining the fictions that emerge from visual narrative and ceremonial representations of and reactions to the 1660 marriage of Louis XIV to the Spanish infanta Drawing on semiotics the history of theater and spectacle gender studies and anthropology the author reconsiders the nature of representation in absolutist political culture The book is not intended as a history of the marriage Rather the author analyzes in detail exemplary moments or scenes from the royal wedding in particular uncovering the dialectic at the heart of

nuptial fictions Like the kinship exchange out of which they emerge fictions of marriage manipulate antagonistic forces in the service of promoting the political culture of absolutism The nuptial fiction portrays a king who though central is not yet absolute and who depends on images and representational forms to become visible His perceived power relies on appendages such as the queen and forms like print fireworks and drama A calculus of addition this dependence is invisible from within the models previously used to explore the representation of sovereignty models based on rituals of substitution like the funeral rite Though the fictions generated during Louis XIV's marriage are not the principal ones of his rule they do affect the portrait of the king and provide insight into the making of an image scholars too frequently take for granted Studying nuptial fictions invites us to reexamine clichés about the representation of absolutist power generalizations that do not fully characterize the less monumental but equally crucial periods of Louis XIV's kingship

Court Festivals of the European Renaissance J.R. Mulryne, Elizabeth Goldring, 2017-07-05 Festival culture is an area which has attracted increasing interest in the field of Renaissance studies in recent years In part the outcome of scholars focus on the place of the city in the establishment and dissemination of common culture the attention paid to festivals also arises from the interdisciplinary nature of the topic which reaches across the usual demarcation lines between disciplines such as cultural political and economic history literature and the visual and performing arts The scholars contributing to this volume include representatives from all these disciplines Their essays explore common themes in festival culture across Renaissance Europe including the use of festival in political self fashioning and the construction of a national self image Moreover in their detailed examination of particular types of festival they challenge generalizations and demonstrate the degree to which these events were influenced the personality of the prince the sources of funding for the ceremony and the role of festival managers Usually perceived as binding forces promoting social cohesion festivals held the potential for discord as some of the essays here reveal Examining a wide range of festivals including coronations triumphal entries funerals and courtly spectacles this volume provides a more inclusive understanding than hitherto of festivals and their role in European Renaissance culture

King of the World Philip Mansel, 2020-09-01 Louis XIV was a man in pursuit of glory Not

content to be the ruler of a world power he wanted the power to rule the world And for a time he came tantalizingly close Philip Mansel's *King of the World* is the most comprehensive and up to date biography in English of this hypnotic flawed figure who continues to captivate our attention This lively work takes Louis outside Versailles and shows the true extent of his global ambitions with stops in London Madrid Constantinople Bangkok and beyond We witness the importance of his alliance with the Spanish crown and his success in securing Spain for his descendants his enmity with England and his relations with the rest of Europe as well as Asia Africa and the Americas We also see the king's effect on the two great global diasporas of Huguenots and Jacobites and their influence on him as he failed in his brutal attempts to stop Protestants from leaving France Along the way we are enveloped in the splendor of Louis's court and the fascinating cast of characters who prostrated and plotted within it *King of the World* is exceptionally researched drawing on international archives and incorporating sources who knew the king intimately including the newly released correspondence of Louis's second wife Madame de Maintenon Mansel's narrative flair is a perfect match for this grand figure and he brings the Sun King's world to vivid life This is a global biography of a global king whose power was extensive but also limited by laws and circumstances and whose interests and ambitions stretched far beyond his homeland Through it all we watch Louis XIV progressively turn from a dazzling attractive young king to a belligerent reactionary who sets France on the path to 1789 It is a convincing and compelling portrait of a man who three hundred years after his death still epitomizes the idea of le grand monarque **A**

Cultural History of Dress and Fashion in the Age of Enlightenment Peter McNeil, 2018-11-01 Eighteenth century fashion was cosmopolitan and varied Whilst the wildly extravagant and colorful elite fashions parodied in contemporary satire had significant influence on wider dress habits more austere garments produced in darker fabrics also reflected the ascendancy of a puritan middle class as well as a more practical approach to dress With the rise of print culture and reading publics fashions were more quickly disseminated and debated than ever and the appetite for fashion periodicals went hand in hand with a preoccupation with the emerging concept of taste Richly illustrated with 100 images and drawing on pictorial textual and object sources *A Cultural History of Dress and Fashion in the Age of Enlightenment* presents essays on textiles production and distribution the body belief gender and sexuality status ethnicity and visual and literary representations to illustrate the diversity and cultural significance of dress and fashion in the period **Athenais** Lisa Hilton, 2007-10-15 As
