teachers and researchers across the humanities and social sciences      Criminal Responsibility and Partial Excuses George Mousourakis, 2018-12-17 Published in 1998 this book examines the relationship between responsibility and criminal liability through an analysis of provocation and related criminal defences. It begins by identifying fundamental questions about the role of justifications and excuses in the criminal law as they emerge from the discussion of philosophical theories of responsibility. Following an outline of the distinction between murder and manslaughter and its history, the basic doctrinal issues relating to the nature and rationale of provocation and other partial defences are then identified and discussed in depth together with the circumstances under which these defences can be raised. Although the analysis focuses for the most part on English law, the references to other legal systems which are included in the work add an important comparative perspective to the discussion of the issues. The book should be of special interest to criminal lawyers, legal theorists and students interested in comparative criminal law and jurisprudence      *The New International Encyclopædia* Frank Moore Colby, Talcott Williams, 1917

**The Southwestern Reporter**, 1916      **New International Encyclopedia**, 1916      **The New International Encyclopaedia**, 1923      *A History of the Criminal Law of England* James Fitzjames Stephen, 1883

**The English Catalogue of Books Published from January, 1835, to January, 1863**, 1864      **The British Friend**, 1865      **Translation and the Law** Marshall Morris, 1995-01-01 This long needed reference on the innumerable and increasing ways that the law intersects with translation and interpreting features essays by scholars and professions from the United States, Australia, Hong Kong, Iceland, Israel, Japan, and Sweden. The essays range from sophisticated treatments of historical and hence philosophical variations in concept and practice to detailed practical advice on self-education. Essays show a particular concern for the challenges of courtroom discourse when the parties not only use different languages but operate from different cultural and legal traditions      **The South Western Reporter**, 1901 Includes the decisions of the Supreme Courts of Missouri, Arkansas, Tennessee, and Texas, and Court of Appeals of Kentucky. Aug-Dec 1886, May-Aug 1892, Court of Appeals of Texas Aug 1892-Feb 1893, Jan-Feb 1928, Courts of Civil and Criminal Appeals of Texas Apr-June 1896, Aug-Nov 1907, Court of Appeals of Indian Territory May-June 1927, Jan-Feb 1928, Courts of Appeals of Missouri and Commission of Appeals of Texas      Masters of the "Humdrum" Mystery Curtis Evans, 2014-01-10 In 1972, in an attempt to elevate the stature of the crime novel, influential crime writer and critic Julian Symons cast numerous Golden Age detective fiction writers into literary perdition as Humdrums, condemning their focus on puzzle plots over stylish writing and explorations of character, setting, and theme. This volume explores the works of three prominent British Humdrums: Cecil John Charles Street, Freeman Wills Crofts, and Alfred Walter Stewart, revealing their work to be more complex as puzzles and as social documents than Symons allowed. By championing the intrinsic merit of these mystery writers, the study demonstrates that reintegrating the Humdrums into mystery genre studies provides a fuller understanding of the Golden Age of detective fiction and its aftermath.
