TEMPLE MANAGEMENT IN THE ?GAMA-S Dr. Deepa Duraiswamy, 2021-02-21 For at least 1500 years temple design construction and worship have followed the canon of the gama s Shouldn t temple management also follow the gama s Steeped in a history of more than two millennia the real bequest of India s ancient temples is that they are still living sacred spaces The gods that were invoked in these temples more than a thousand years ago continue to reside in the sanctums and gaze benevolently upon their devotees The bells ring for morning service as they did a thousand years ago The c rya waves the rati just as another c rya did a thousand years ago No other organization in the world can boast of such amazing continuity The secret to this longevity lies in the gama s gama s are the traditional canon believed to be as old as the Vedas with detailed manuals on temple building consecration and ritual worship While the world outside the temples a world of kings and kingdoms has changed temples continue to follow the gama s in letter and spirit in their everyday religious function notwithstanding the many changes in administrative formats By studying the activities of the temple material and manpower required qualifications and roles prescribed for the temple professionals this thesis attempts to reconstruct an gamic temple management framework using the K mik gama as primary text with other gama s secondary literature and inscriptional evidence as required

Neo Strategic Management M. S. S. El Namaki, 2023-08-31 Artificial intelligence has driven strategic management and strategic thinking into new directions and uncharted waters Many of our previous concepts and theories have run out of steam and they have failed at accommodating and reflecting the realities of new technologies particularly artificial intelligence This book responds to these serious disruptions and goes beyond the familiar boundaries of strategic management and presents a dramatic overhaul of traditional strategic thinking This book is unusual within the management literature arena as it draws upon concepts and tools belonging to other sciences as neurology psychology and even physics Yet this will mark future developments in the area and a sound understanding of that is essential for future conduct and performance of the strategic thinking function within the business environment The analysis relies heavily on recent research as well as the authors own work on AI strategic thinking and data sciences It will be of great interest to students and scholars of strategic management technology research and organization behaviour
