influential in his evolution as a family man political thinker social reformer and ultimately beloved leader In 1893 when Gandhi set sail for South Africa he was a twenty three year old lawyer who had failed to establish himself in India In this remarkable biography the author makes clear the fundamental ways in which Gandhi s ideas were shaped before his return to India in 1915 It was during his years in England and South Africa Guha shows us that Gandhi came to understand the nature of imperialism and racism and in South Africa that he forged the philosophy and techniques that would undermine and eventually overthrow the British Raj Gandhi Before India gives us equally vivid portraits of the man and the world he lived in a world of sharp contrasts among the coastal culture of his birthplace High Victorian London and colonial South Africa It explores in abundant detail Gandhi s experiments with dissident cults such as the Tolstoyans his friendships with radical Jews heterodox Christians and devout Muslims his enmities and rivalries and his often overlooked failures as a husband and father It tells the dramatic profoundly moving story of how Gandhi inspired the devotion of thousands of followers in South Africa as he mobilized a cross class and inter religious coalition pledged to non violence in their battle against a brutally racist regime Researched with unequaled depth and breadth and written with extraordinary grace and clarity Gandhi Before India is on every level fully commensurate with its subject It will radically alter our understanding and appreciation of twentieth century India s greatest man *Muslim Politics in Bihar* Mohammad Sajjad,2014-08-13 This book studies the engagement of various Muslim communities with Bihar politics from colonial times to present day India It debunks several myths in highlighting Muslim resistance to the Two Nation theory and counters the Isolation Syndrome faced by Muslim communities after Independence Using rare archival sources and hitherto unexamined Urdu texts this book offers a nuanced exploration of complex themes such as the struggle against Bengali hegemony communalism regionalism and alienation before Independence recent language politics the political assertion of low caste Muslims in current Bihar as well as their quest for social and gender justice An important contribution to the study of South Asian Islam this book will interest students and scholars of modern Indian history politics sociology religion gender and minority studies

institutional constitutional framework and those seeking to dismantle the colonial state between the corrupt and those seeking to hold them to account between the political class and the middle class and between civil and military power The author exposes how the ruling elite centralised power through the militarisation and judicialization of politics rendering the federalist arrangement an empty shell and thus grossly alienating the provinces He sets all this within the contexts of education and media as breeders of conflict the difficulties of establishing an anti terrorist regime and the state s pragmatic attempts at conflict resolution by seeking to keep the outsiders inside This is a wide ranging account of a country of contestations
