

What is the first thing Sam notices when he enters the attic?	He is wearing in the newspaper clipping? He thinks he saw his sweater in Andrew's drawer.	They pulled on a string on Mack's bedroom ceiling, which lowered a set of stairs for them to climb.
Why did Sam use a screwdriver and hammer to open the metal box? Because none of the little keys they brought up to the attic opened the box.	What did Sam and Caroline find in the metal box? They found a photo of a sailboat, the newspaper clipping, papers that were held together with a rubber band, and some cloths.	Why did Sam and Caroline have to race back down the stairs before they had a chance to look at everything in the metal box? They heard the motor of Mack's truck.
What does Orji offer Caroline and Sam? He offers them a soda or hot cocoa from his shelf.	Why did Sam need a tube of glue after he retrieved the boxes from the attic? He needed the glue to put together the sailboat that he had played with when he was little.	Why is Sam outside at night with a ladder and a bag? He wants to get back up to the attic and this time he wants to carry everything back down with him.
What did the perfectly even double marks on the sailboat mean? They formed the number 22.	Which teacher's classroom had a dozen plants on the windowsill and pictures of crashing waves on the wall? Mrs. Worley's Resource Room.	Which one of Sam's classmates, in 2nd grade, had announced, "He can't spell China, he can't even spell cat"? Marco.
When Sam was in 2nd grade, why was he sent to the principal's office and Mack was called in? Sam had carved the letter 'C' with a pair of scissors, in Mrs. Worley's windowsill.	What did Mack teach Sam to do when he had the feeling of a block in his chest? He taught him to wait until he gets home and hammer nails until the block starts to melt.	What was Sam able to figure out about the 1st piece of paper from the attic, that he read in the Resource Room? He figured out that it was a summer ferry schedule.
Why did Sam decide he needed to go back up to the attic? Because he had left the newspaper article up there and Caroline explained they should have taken note of where the accident happened, and the name and date of the paper.	What does Caroline read on the scrap of paper, all water-stained like the sails of the boat? Children's Home, 12th Street	Why did Sam wake up in the night and head straight down to the woodshop to work? He had a dream about a candle and he wanted to get his ideas down before they started to fade. He knew the candle in his dream was the one he and Caroline had to build.
Why does Sam have a difficult time focusing while	On the way to Caroline's house, what does Caroline	What new information does Sam share with Caroline that
