## **Em Big Hoom:**

**Em and the Big Hoom** Jerry Pinto, 2014-06-24 The devastatingly original debut novel from a winner of the Windham Campbell Prize for Fiction Profoundly moving I cannot remember when I last read something as touching as this Amitav Ghosh author of *The Glass Palace* First published by a small press in India Jerry Pinto's debut novel has already taken the literary world by storm Suffused with compassion humor and hard won wisdom *Em and the Big Hoom* is a modern masterpiece and its American publication is certain to be one of the major literary events of the season Meet Imelda and Augustine or as our young narrator calls his unusual parents Em and the Big Hoom Most of the time Em smokes endless beedis and sings her way through life She is the sun around which everyone else orbits But as enchanting and high spirited as she can be when Em's bipolar disorder seizes her she becomes monstrous sometimes with calamitous consequences for herself and others This accomplished debut is graceful and urgent with a one of a kind voice that will stay with readers long after the last page

### **Narrative**

Art and the Politics of Health Neil Brooks, Sarah Blanchette, 2021-03-15 As countless alterations have taken place in medicine in the twenty first century so too have literary artists addressed new understandings of disease and pathology Disability studies fat studies mad studies end of life studies and critical race studies among other fields have sought to better understand what social factors lead to pathologizing certain conditions while other variations remain normalized While recognizing that these scholarly approaches often speak to identities with radically different experiences of pathologization this collection of essays is open to all critical engagements with narratives of health in order to facilitate the messiness of cross disciplinary collaboration and interdisciplinarity As scientific advances provide insight into a wide range of well being issues and help extend life it is vital that we come to question the very categories of healthy and unhealthy This collection brings together analyses of cultural productions which probe those categorizations and suggest new psychological and philosophical understandings which will help better apply and guide the knowledge being rapidly developed within the life sciences Right of health is a widely accepted human right but in applying a right to healthcare what care and what sort of health are less universally agreed upon The contributors share an interest in addressing who controls answers to the

questions of how do we define a healthy body and a healthy life and what are the political forces that influence our definitions of health

*Disturbing Spirits* Beverly A. Tsacoyianis, 2021-06-15 This book investigates the psychological toll of conflict in the Middle East during the twentieth century including discussion of how spiritual and religious frameworks influence practice and theory The concept of mental health treatment in war torn Middle Eastern nations is painfully understudied In *Disturbing Spirits* Beverly A Tsacoyianis blends social cultural and medical history research methods with approaches in disability and trauma studies to demonstrate that the history of mental illness in Syria and Lebanon since the 1890s is embedded in disparate but not necessarily mutually exclusive ideas about legitimate healing Tsacoyianis examines the encounters between Western psychiatry and local practices and argues that the attempt to implement modern cosmopolitan biomedicine for the last 120 years has largely failed in part because of political instability and political traumas and in part because of narrow definitions of modern medicine that excluded spirituality and locally meaningful cultural practices Analyzing hospital records ethnographic data oral history research historical fiction and journalistic nonfiction Tsacoyianis claims that psychiatrists presented mental health treatment to Syrians and Lebanese not only as a way to control or cure mental illness but also as a modernizing worldview to combat popular ideas about jinn based origins of mental illness and to encourage acceptance of psychiatry Treatment devoid of spiritual therapies ultimately delegitimized psychiatry among lower classes Tsacoyianis maintains that tensions between psychiatrists and vernacular healers developed as political transformations devastated collective and individual psyches and disrupted social order Scholars working on healing in the

modern Middle East have largely studied either psychiatric or non biomedical healing but rarely their connections to each other or to politics In this groundbreaking work Tsacoyianis connects the discussion of global responsibility to scholarly debates about human suffering and the moral call to caregiving Disturbing Spirits will interest students and scholars of the history of medicine and public health Middle Eastern studies and postcolonial literature The Contemporary Novel and the City S. Khanna,2015-12-04 This book examines the deeply divided terrain of the twentieth century city and its formative impact on narrative fiction It focuses on two major world authors at the two ends of the twentieth century who write systematically about the colonial and postcolonial cities they were born in James Joyce and Dublin and Salman Rushdie and Bombay **The Novel Cure** Ella Berthoud,Susan Elderkin,Indrajit Hazra,2014-08-01 Whether you have a stubbed toe or a stubborn case of the blues within these pages you ll find a cure in the form of a novel or a combination of novels to help ease your pain You ll also find advice on how to tackle common reading ailments such as what to do when you feel overwhelmed by the number of books in the world or if you have a tendency to give up halfway through When read at the right moment in your life a novel can quite literally change it and The Novel Cure is a reminder of that power Written with authority passion and wit here is a fresh approach to finding new books to read and an enchanting way to revisit the books on your shelves
