All medical record entries made by the scribe were at my direction and in my presence. I have reviewed the chart and agree that the record accurately reflects my personal performance of the history, physical exam, medical decision making, and the emergency department course for this patient. I have also personally reviewed and agree with the discharge instructions and disposition.

EMR and Dragon Attestation - this medical document was created using an electronic medical record system with Dragon computerized dictation system. Although this document has been carefully reviewed, there may still be some phonetic and typographical errors. These errors are purely typographical, due to imperfections of the software programs, and do not reflect any compromise in the patient's medical care.
