

# Grammar Guide

## Punctuation Rules

A period is used...

- at the end of declarative sentences and mild imperatives.
- after initials and abbreviations.
- only once for a sentence ending with an abbreviation.

A question mark is used...

- at the end of an interrogative sentence.

An exclamation mark is used...

- after a word, phrase, or sentence showing strong feeling.

A comma is used...

- to separate two or more adjectives of equal rank.
- to set off a direct quotation.
- to separate three or more words, phrases, or clauses in a series.
- to separate two independent clauses in a compound sentence.
- to set off a word, phrase, or dependent clause at the beginning of a sentence.

A semicolon is used...

- to separate independent clauses very close in meaning but not separated by *and*, *but*, or *nor*, *for*, or *yet*.
- to separate items in a series when the series already contains commas.

A colon is used...

- before a list of items or details.
- before a statement that summarizes the original statement.
- before a long, formal quotation or statement.

Parentheses are used...

- to set off words, phrases, clauses, or sentences which are independent of the main part of the sentence.

Quotation marks are used...

- to set off a direct quotation. (Single quotation marks are used for quotes within quotes.)
- to set off words, phrases, or sentences referred to in the sentence.
- to set off slang and foreign words or phrases.

## Pronoun-Antecedent Agreement

- A personal pronoun must agree with its antecedent in person, number, and gender.
- Collective nouns are singular when the group is acting as a single unit.
- Collective nouns are plural when the members of the group are acting independently.

*Example:*

The orchestra disagree on the selections for the concert.

## Subject-Verb Agreement

- Normally, when two or more subjects are connected by *and*, the subject is plural and requires a plural verb.  
*Fred and Dave like this class.*
- If the two subjects form a unit, the subject is then singular and requires a singular verb.  
*Chicken and dumplings is my favorite meal.*
- Two singular subjects joined by *or* are considered singular and require a singular verb.
- When one of the subjects is singular and the other is plural, the verb agrees with the subject that is nearer.
- The subject of the sentence is never affected by intervening phrases that might come between it and the verb.
- A collective noun that is singular requires a singular verb.
- If the collective noun indicates by its usage that the individual members are acting separately, then a plural verb is required.
- A plural noun that shows *weight*, *extent*, or *quantity* is singular and takes a singular verb.  
*Ten dollars is the price of this tape.*

## Rules for Titles

- All principal words in titles are capitalized. Do not capitalize prepositions, coordinating conjunctions, and articles unless they begin the title.
- Underline the titles of books, magazines, newspapers, and films. (Italics may take the place of underlining if you are using a word processor capable of doing it.)
- Quotation marks are used to enclose the titles of magazine articles, chapters of books, names of songs, and titles of poems.

## Capitalization Rules

- Capitalize names of particular persons, places, and things.
- Capitalize titles of rank when they come before a person's name.
- Do not capitalize the names of the seasons of the year unless they are personified.
- The words *north*, *south*, *east*, and *west* are capitalized only when they refer to sections of the country, not directions.
- The names of school subjects are not capitalized unless they are names of languages.
- All words that refer to a specific deity and sacred books are capitalized.

## The "Of" Error

- Do not substitute the preposition *of* for the auxiliary verb *have*.  
Common error forms are:  
*could of*  
*should of*  
You should use:  
*could have*  
*should have*

English Grammar Rules gives you all the rules of grammar all in one place logically organized in a user friendly format

Preface Grammar is without a doubt one of the most daunting aspects of the English language an area riddled with complexities inconsistencies and contradictions It has also been in a state of flux for pretty much its entire existence For native speakers of English as well as for those learning it as a new language grammar presents a very serious challenge to speaking and writing both accurately and effectively Having a single reliable go to reference guide should therefore be indispensable to those trying to learn improve or perfect their speech or writing This book is that guide a clear unambiguous and comprehensive source of information that covers all the relevant topics of English grammar while still being easy to understand and enjoyable to read Every topic in the book has been broken down into basic units Each unit can be read and understood in its own right but throughout the book you will find cross references to other sections and chapters to help make it clear how all the pieces fit together If you're having trouble understanding something try going back or forward to other related topics in the book Finally it must be mentioned that because English is such a flexible inconsistent language the rules that are often bandied about are usually not rules at all but rather guides that reflect how the language is used Accordingly the guidelines contained within this book are just that guidelines They are not intended to provide constrictive or proscriptive rules that confine everyone to a particular way of speaking or writing Learning how the English language works will enhance your engagement with speech and writing every day from the books you read to the e-mails you write to the conversations you have with friends and strangers alike As such mastering grammar is not an exercise that is confined to the classroom While it is certainly important to learn the structures styles and rules that shape the language the key to truly learning English is to read and listen to the way people write and speak everyday from the most well known authors to the people you talk to on the bus Take the information you find in this book and carry it with you into the world P Herring

**English for Everyone Grammar Guide Practice Book** DK, 2019-06-11 PLEASE NOTE this is a replica of the print book and you will need paper and a pencil to complete the exercises

Puzzled by past tenses Confused by comparatives This clearly structured and beautifully presented workbook is packed with grammar practice activities that make learning English grammar incredibly easy The English for Everyone Grammar Guide Practice Book is an essential companion to the English for Everyone Grammar Guide a comprehensive reference book that makes even the trickiest grammar rules clear and simple The Practice Book mirrors the unit by unit structure of the Grammar Guide Each Practice Book unit is full of carefully graded grammar exercises to drill and reinforce the grammar you have learned in the corresponding Grammar Guide unit These exercises will help you build up your confidence and become more fluent giving you the chance to practice using the most important English grammar constructions again and again Ideal for students at all levels the English for Everyone Grammar Guide Practice Book covers basic intermediate and advanced English grammar in one easy to navigate book Like all books in the innovative English for Everyone series it uses a visual learning method many of the exercises are accompanied by

attractive illustrations that put grammar practice points into context and give you visual cues to help you understand the exercises Whether you want to improve your grammar for work study travel or exams the English for Everyone Grammar Guide Practice Book offers you a simple way to learn English grammar remember it and use it with confidence *Oxford Guide to English Grammar* John Eastwood,1994 The Oxford Guide to English Grammar is a systematic account of grammatical forms and the way they are used in modern standard English It is designed for learners at intermediate and advanced levels and for teachers and is equally suitable for quick reference to details or for the more leisured study of grammatical topics The emphasis is on meaning in the choice of grammatical pattern and on the use of patterns in texts and in conversations **Navigating English Grammar** Anne Lobeck,Kristin Denham,2013-07-09 An engaging and fresh take on the rules and politics of English grammar written in lively prose It goes a step further than most books on grammar by providing an overview of the field with a discussion of historical and current debates about grammar and how we define discuss and approach it Presents a novel inquiry based approach to understanding speakers unconscious knowledge of English grammar Makes lucid connections when relevant with current linguistic theory Integrates language change and variation into the study of grammar Examines historical sources of socially evaluative perceptions of grammar as good or bad and notions of language authority Provides syntactic explanations for many modern punctuation rules Explores some of the current controversies about grammar teaching in school and the role of Standard English in testing and assessment

**The Gramming Guide to English Grammar with Exercises** Péter Simon,2016-01-05 The Gramming Guide to English Grammar is a resource book on the grammar of Standard British English It is intended for intermediate to advanced students of English as a second or foreign language who have already studied the basic grammar of English It covers the most important areas of English grammar and concentrates on structures which may cause difficulty at an intermediate level or above The book starts with a pretest that helps you identify the areas you need to work on The pretest is followed by eleven chapters broken down to a number of subchapters that each deal with a specific grammar point The related explanations are accompanied by

real life sample sentences timeline diagrams tables and quotes If a similar point or the same point is discussed in a different part of the book you will find cross references to that point Where appropriate chapters begin with guiding questions and end with revision questions Most of the chapters are followed by exercises including multiple choice sentence transformation error correction gap filling and matching exercises as well as communicative tasks that can be done in language lessons At the end of the book there is an appendix which contains a list of the most common irregular verb forms and the most important spelling rules a list of the quotes that appear in the book and a glossary that defines grammatical terms frequently used in the explanations The chapters in this book are not arranged in order of difficulty This way the book can be used for quick reference on specific points of interest as well as for systematic study either as a self study grammar book or as additional material in an ESL EFL course No matter which way you use the book it is recommended that you follow the cross references which will lead you to further information on a given item The exercises which come with suggested answers are best done using pen and paper These exercises will not only help you to practise grammar but also to tie grammatical forms to real world meaning
