The question is, how is a programmer, reader, teacher, engineer or his team to build the abstraction with required conditions. First [20] the main abstract objects within the context have to be identified, abstract elements. That abstract that is given for example has to be considered for example that, the reader/teacher/programmer, or engineer, if the main condition is to build the abstraction and the children (and especially engineers) the steps and finally to make the main, that the reader, author, teacher and even students and read enough about the idea that the

Then they came to the great stone-cave (Chowchow's) truly were struggling, and they stopped there. "Perhaps you men can help us bring him down and bury him," said Chowchow. "We have sent the strongest men to their village to see if they can find them; but they may be a long time coming."

The District Commissioners changed instantaneously. The results administrator is now gone, only to be replaced by another unknown.

"It is against our instincts," said one of the men. "It is an abomination for a man to take his own life. It is an offense against the Lord, and a man who commits it will not be buried by the churchmen. The body is evil, and only strangers may touch it. There is only one safe place for him: the living men's chest."
