Enhancing Board And Management In South Africa:

Enhancing Board Effectiveness Franklin N. Ngwu, Onyeka Osuji, Chris Ogbechie, David Williamson, 2019-03-07

Enhancing Board Effectiveness seeks to examine the conceptualization and role of the board in a variety of contexts and articulate solutions for improving the effectiveness of the board especially in developing and emerging markets Enhancing Board Effectiveness with therefore address the following central questions To what extent is the concept and role of the board evolving What rights powers responsibilities and other contemporary and historical experiences can enhance the effectiveness of the board especially in the particular contexts of developing and emerging markets What socio economic political regulatory and institutional factors actors influence the effectiveness of the board and how can the policies and practices of such actors exert such influences In what ways can a reconstructed concept of the board serve as a tool for theoretical analytical regulatory and pragmatic assessment of its effectiveness In examining this issues Enhancing Board Effectiveness will investigate theoretical socio economic historical empirical regulatory comparative and inter disciplinary approaches Academics in the relevant fields of accounting behavioural psychology economics development studies financial regulation law and management organizational studies political economy and public administration will find this book of high interest

Improving Manufacturing Performance in South Africa Avril Joffe, 1995 Improving Manufacturing

Performance in South Africa **The SAGE Handbook of Corporate Governance** Thomas Clarke, Douglas

Branson, 2012-04-20 The urgent and sustained interest in corporate governance is unprecedented with the connections between corporate governance and economic performance being emphasized by the World Bank the IMF and others in the global economic community In this timely and definitive intellectual analysis of a key discipline The SAGE Handbook of Corporate Governance offers a critical overview of the key themes theoretical controversies current research and emerging concepts that frame the field Consisting of original substantive chapters by leading international scholars and examining corporate governance from an inter disciplinary basis the text highlights how governance issues are critical to the formation growth financing structural development and strategic direction of companies and how corporate governance institutions in turn influence the innovation and development of industrial and economic systems globally Comprehensive authoritative and presented in a highly accessible framework this Handbook is a significant resource to those with an interest in understanding this important emerging field *South Africa* International Monetary Fund. Monetary and Capital Markets

Department, 2015-03-03 This paper discusses key findings of the Detailed Assessment of Observance on the Insurance Core Principles on South Africa Insurance regulatory and supervisory regime in South Africa is in transition Currently the Financial Services Board FSB SA regulates the nonbanking financial services industry including the insurance sector in South Africa With the goal of achieving a safer financial sector to serve South Africa better the government has proposed major changes in the financial sector The four policy objectives are financial stability consumer protection and market

conduct financial inclusion and combating financial crime Market realities in the insurance sector pose significant regulatory challenges which are well recognized by the authorities

Diverse educational contexts and research on metacognition and motivation to enhance self-directed learning Bernadette Geduld, Byron J. Bunt, Divan Jagals, 2025-02-17 This scholarly book explores the latest education research on metacognition and self directed learning providing practical insights for educators and students As the thirteenth volume in the NWU Self Directed Learning Series it focuses on developing metacognitive skills to enhance self regulation motivation and independent thinking key competencies for success in the 21st century Metacognition plays a vital role in learning helping students plan evaluate and self assess their progress Research shows that students with strong metacognitive strategies achieve better learning outcomes apply knowledge effectively and persist through academic challenges This book offers evidence based teaching strategies to support the development of self regulated learning and motivation in diverse educational settings It examines teaching behaviour and instructional methods that foster metacognitive growth in both basic and higher education With a particular focus on the South African education landscape it extends research in cognitive developmental and applied psychology Researchers and educators will find practical approaches for integrating metacognition into various disciplines making this book a valuable resource for both undergraduate and graduate education programmes

Improving Local Government Michiel S. de Vries, P. Reddy, M. Haque, 2008-04-09 Local governments encounter many problems and although there is not one panacea that works internationally this book argues that there are mechanisms to improve local situations By drawing on case studies from the developing world the authors review best practices in good governance

strengthening the governance and performance of state- owned financial institutions , *The Handbook of Board Governance* Richard Leblanc, 2016-05-16 Build a more effective board with insight from the forefront of corporate governance The Handbook of Board Governance provides comprehensive expert led coverage of all aspects of corporate governance for public nonprofit and private boards Written by collaboration among subject matter experts this book combines academic rigor and practitioner experience to provide thorough guidance and deep insight From diversity effectiveness and responsibilities to compensation succession planning and financial literacy the topics are at once broad ranging and highly relevant to current and aspiring directors The coverage applies to governance at public companies private and small or medium companies state owned enterprises family owned organizations and more to ensure complete and clear guidance on a diverse range of issues An all star contributor list including Ram Charan Bob Monks Nell Minow and Mark Nadler among others gives you the insight of thought leaders in the areas relevant to your organization A well functioning board is essential to an organization s achievement Whether the goal is furthering a mission or dominating a market the board s composition strategy and practices are a determining factor in the organization s ultimate success This guide provides the information essential to building a board that works Delve into the board s strategic role in value creation Gain useful insight into compensation risk accountability legal obligations Understand

the many competencies required of an effective director Get up to speed on blind spots trendspotting and social media in the board room The board is responsible for a vast and varied collection of duties but the singular mission is to push the organization forward Poor organization one sided composition inefficient practices and ineffective oversight detract from that mission but all can be avoided The Handbook of Board Governance provides practical guidance and expert insight relevant to board members across the spectrum

Transforming Corporate Governance and Developing Models for Board Effectiveness Yasser, Qaiser Rafique, Al-Mamun, Abdullah, 2020-12-25 Corporate governance can be considered as an environment of trust ethics moral values and confidence as a synergistic effort of all the constituent parts including stakeholders the public service provides and the corporate sector The actions of an organization and the consequences of those actions has become increasingly concerned with corporate governance As such it is essential to examine the latest concepts and trends that can lead to the development of effective models for corporate boards Transforming Corporate Governance and Developing Models for Board Effectiveness is an essential reference source that contains forward thinking research intended to facilitate effective entrepreneurial and prudent management that can deliver the long term success of the company The book discusses the different theories and practices surrounding boards of directors responsibilities and innovative strategies for the governance of their companies that allow them to become and remain successful Highlighting topics that include board diversity and independence business ethics and family business governance this book is intended for corporate boards board of directors executives managers business professionals academicians researchers policymakers and students

Elgar Encyclopedia of Corporate Governance Thomas Clarke, Wafa Khlif, Coral Ingley, 2024-10-03 With 163 authoritative entries providing definitive explanations and critiques of the fundamental principles and practices of corporate governance this timely Encyclopedia is a comprehensive overview of the economic political social legal and environmental impacts of corporations across the globe

A 21st Century Employability Skills Improvement Framework for the Construction Industry John Aliu, Clinton Aigbavboa, Wellington Thwala, 2021-04-30 This book will provide readers with an understanding of the employability concept and develop an employability skills improvement model to enhance the employability of built environment graduates to foster economic development The developed model determines the influence of generic skills discipline specific skills work integrated learning emotional intelligence university industry collaboration outcomes and 4IR knowledge in predicting the outcomes of improved graduate employability The model is developed with a theoretical lens on existing frameworks of employability and skills development Whilst drawing comparisons with countries such as the UK USA Australia and Canada the authors present the results of a two stage Delphi survey in South Africa as a case study on the current state of skills development and on the

skills of the future The case study is presented in line with the South Africa s long term National Development Plan NDP aimed at developing the key capabilities and skills of its citizens by ensuring quality education on a broader scale by 2030 As automation continues to rapidly advance the pressures on universities to revamp and restructure their curricula have become increasingly necessary This book recommends that higher education institutions urgently need to intensify their efforts by introducing significant modifications to the science and technology curriculum to enable students to develop and acquire competencies in the rapidly emerging areas of artificial intelligence data science robotics advanced simulation data communication system automation real time inventory operations cloud computing and information technologies This implies that universities curriculum should be infused with 4IR thinking within the conventional primary sciences of biology chemistry and physics with greater emphasis on digital literacy to boost 4IR understanding amongst the graduates The book is therefore of interest to researchers and policy makers in the built environment that are placed in academia the construction industry or at consultancy levels it provides significant recommendations for universities as they intensify their efforts to develop graduates for the future
