**Continent in Crisis** Jewel L. Spangler, Frank Towers, 2023-01-03 Written by leading historians of the mid nineteenth century United States this book focuses on the continental dimensions of the U S Civil War It joins a growing body of scholarship that seeks to understand the place of America s mid nineteenth century crisis in the broader sweep of world history However unlike other studies that have pursued the Civil War s connections with Europe and the Caribbean this volume focuses on North America particularly Mexico British Canada and sovereign indigenous states in the West As the United States went through its Civil War and Reconstruction Mexico endured its own civil war and then waged a four year campaign to expel a French imposed monarch Meanwhile Britain s North American colonies were in complex and contested negotiations that culminated in confederation in 1867 In the West indigenous nations faced an onslaught of settlers and soldiers seeking to conquer their lands for the United States Yet despite this synchronicity mainstream histories of the Civil War mostly ignore its connections to the political upheaval occurring elsewhere in North America By reading North America into the history of the Civil War this volume shows how battles over sovereignty in neighboring states became enmeshed with the fratricidal conflict in the

United States Its contributors explore these entangled histories in studies ranging from African Americans fleeing U S slavery by emigrating to Mexico to Confederate privateers finding allies in Halifax Nova Scotia This continental perspective highlights the uncertainty of the period when the fate of old nations and possibilities for new ones were truly up for grabs
