United States. Congress,1970 Texas Aggies in Vietnam Michael Lee Lanning,2016-10-04 From its inception graduates of
the Agricultural and Mechanical College of Texas now Texas A M University have marched off to fight in every conflict in
which the United States has been involved The Vietnam War was no different The Corps of Cadets produced more officers for
the conflict in Southeast Asia than any institution other than the US service academies Michael Lee Lanning Texas A M
University class of 1968 has now gathered over three dozen recollections from those who served As Lanning points out
anytime Aggie Vietnam veterans get together whether it is two or two hundred of them war stories begin The tales they
relate about the paddies the jungles the highlands the waterways and the airways provide these veterans with an even
greater understanding of the war they survived They also allow glimpses into the frequent dangers of firefights the
camaraderie of patrol and often humorous responses to inexplicable situations These revelations provide insight not only into
the realities of war but also speak to the character of the graduates of Texas A M University As Lanning concludes these war
stories are as much a part of service as is that old green duffle bag a few rows of colorful ribbons and a pride that does not
diminish In reality there is only one story about the Vietnam War We all just tell it differently **Army, Navy, Air Force**

Women's Army Corps, 1945-1978 Bettie J. Morden,1990 The Women s Army Corps makes a significant contribution to
women s history and the history of the Army Bettie J Morden weaves the ideas and moral attitudes that existed in the middle
decades of the twentieth century to chronicle thirty three years of WAC history from V J Day 1945 to 20 October 1978 when
the Women s Army Corps was abolished by Public Law 95 584 and discontinued by Department of the Army General Order
20 with the WAC officers assimilated into the other branches of the Army except the combat arms For the most part taking a
chronological approach Morden focuses on the interaction of plans decisions and personalities that affected the WAC

directors as they pushed and prodded the Army the Department of Defense and Congress to achieve Regular Army and Reserve status military credit for Women s Army Auxiliary Corps service and promotion above the grade of lieutenant colonel The early WAC directors according to Morden had the task of fighting for progress and equity whereas their successors fought a losing battle to keep entry standards high and to retain the corps separate status She provides readers with a comprehensive picture of WAC growth and development and the transformation in the status of Army women brought by the advent of the all volunteer Army and the women s rights movement of the seventies *The Women's Army Corps, 1945-1978* Bettie J. Morden, 2011-09-26 After years out of print this new and redesigned book brings back the best and most complete history of the Women s Army Corps Loaded with history tables charts statistics photos personalities and many useful appendices including a history of WAC uniforms The Women s Army Corps 1945 1978 is must reading for anyone who served those years in the Army as well as for those who want a complete history of the modern day military Author Bettie Morden served from 1942 1972 and she used her experience and access to people and records to compile the definitive reference work Col Morden is a graduate of the WAC Officers Advanced Course 1962 Command and General Staff College 1964 and the Army Management School 1965 She has been awarded the Distinguished Service Medal the Legion of Merit the Joint Service Commendation Medal and the Army Commendation Medal with Oak Leaf Cluster Army , 1967
